True Path of the Ninja Antony Cummins, 2011-07-12 True Path of the Ninja is the first authoritative translation in English of the Shoninki, the famous 17th century ninjutsu manual. Authors Antony Cummins and Yoshie Minami worked closely with Dr Nakashima Atsumi, author of the most comprehensive modern Japanese version of the Shoninki, thus making this English translation the closest to the original scrolls. The information and insights found in this translation are invaluable for understanding the skills, techniques, and mentality of the historical shinobi. Whether it involved tips for surviving in the wild, advice on intelligence gathering techniques, or methods for creating chaos in the enemy camp, this ninja book unveils secrets long lost. Along with its practical applications, this book is an important guide to the mental discipline that ninjas must have to ensure success in accomplishing their mission. True Path of the Ninja covers the following topics: What a ninja is and what equipment he needs; The skills of infiltration and information gathering; How to disrupt and distract the enemy; How to be mentally prepared to carry out ninja missions. In addition to the translation of the Shoninki, this book also includes the first written record of the oral tradition, *Defense Against a Ninja*, taught by Otake Risuke, the revered sensei of the legendary Katori Shinto Ryu school of swordsmanship. Sensei reveals for the first time these ancient and traditional teachings on how the samurai can protect himself from the cunning wiles of a ninja. About this new edition: This second edition contains a new introduction by the translator and has been thoroughly updated to reflect developments that shed new light on the original Japanese text.

The Grandmaster's Book of Ninja Training Masaaki Hatsumi, 1988-09-22 Do not expect easy answers or simple solutions here on these pages, but then that is the fun, the excitement, the joy of involvement in the warrior arts of accomplishment. It pleases me no end to see the world at large now welcoming the knowledge of ninjutsu's ages in the form of these books by the art's grandmaster. From the Foreword by Stephen K Hayes. In an uninhibited dialogue from a recent meeting with his top instructors from around the world, Dr Masaaki Hatsumi discusses his personal journey through the mysteries of the ancient art of the phantom warrior. His topics cover the nutritional needs of a ninja, the changing physical attributes of the new ninja, details on training for the novice as well as the advanced student, and the spiritual aspects of ninja training and how it applies to the modern world. With numerous photos, Dr Hatsumi demonstrates the extemporaneous techniques that flow from his form of training and how some of his top students have developed their own styles of ninjutsu. Dr Masaaki Hatsumi, the grandmaster of the nine ninjutsu schools that comprise the ninja tradition, is an artist with brush and ink, a medical practitioner of seikotsu, and a prolific writer.
