English Fiction in the 1930s Chris Hopkins, 2006-01-01 This study approaches the fiction of the 1930s through critical debates about genre, language, and history, setting these in their original context and discussing the generic forms most favoured by novelists at the time. Chris Hopkins uses a series of case studies of texts to develop or explore the boundaries, contemporary usefulness, and complexities of particular prose genres. Generic debates and the political/aesthetic effects of different kinds of representation were live issues, as discursive struggles and negotiations took place between modernist and realist modes, between high middle and lowbrow categorisations of culture, between literature and mass culture, and between different conceptions of the role of the writer, politics, and nationality, sexuality, and gender identities. Chris Hopkins draws both on well-known texts and on novels which have only recently begun to be discussed by critics of the thirties, particularly those by women writers whose work has still not been related very clearly to the literary and political debates of the period. Organised in five sections, each focusing on major genres, he takes a wide range of novels as case studies and discusses their uses of generic forms, relating them to other examples and to their historical, political, and cultural contexts.

Katharine Bail Hoskins, 2014-11-07 Many writers from Aristophanes to Joseph Heller have written about politics. But at certain periods in history, often at times of conflict and turmoil, writers have consciously used their literary talents to support or oppose a specific cause. The 1930s, a decade of widespread social and political breakdown, was such a period. Today the *Struggle* examines the political involvement of those leading British writers who dedicated their talents to the defense of Nationalists or Loyalists during the Spanish Civil War and who saw that war as symbolic of their own Right/Left dialogue.

Conservatives like William Butler Yeats and T S Eliot and Roman Catholics like Evelyn Waugh were passionately anti Communist They viewed fascism as a bulwark against communism but were unwilling to support the Franco cause actively Other pro Nationalists were not so hesitant Roy Campbell and Wyndham Lewis were ardent participants in the fight against the British left wing Pro Loyalists united only in their antifascism ranged from conservative to anarchist in political commitment Their literary contributions included fine poems by W H Auden and Stephen Spender experimental drama by Auden and Christopher Isherwood and impassioned prose by Rex Warner George Orwell and Aldous Huxley Katharine Hoskins s principal interest in Today the Struggle is to discover how and why certain writers supported specific political actions to ascertain the effectiveness of their efforts and to evaluate the influence of these efforts on their work **The Complete Index to Literary Sources in Film** Alan Goble,2011-09-08 No detailed description available for The Complete Index to Literary Sources in Film **The Poetry and Music of Joaquín Sabina** Daniel J.
