The Angels Covenant The Covenant Series English Edition:

The Angel of the Covenant James Maclaren Cobban, 1898 **Master Painter** Jack R. Lundbom, 2015-03-19 Millions of people recognize the religious painting known as Head of Christ of which an estimated five hundred million prints have been sold. Very few, however, know the artist Warner E. Sallmann. Sallmann's lack of notoriety in professional art circles can be explained by the fact that he made little or no attempt to put himself forward as a Chicago or even a Swedish American artist. He had no exhibitions of his works and his public life consisted largely of appearances before church and community groups to do chalk drawings. More important was his attitude regarding personal fame. Sallmann let the Christ he painted be in the foreground while the artist remained in the background. The time has come, argues Jack Lundbom, for a broader public to know the man who stands behind the painting and the other artwork bearing the Sallmann signature. Master Painter is a fascinating story of a gifted man with humble beginnings who overcame disappointment, ill health, and personal limitations in order to live out a vision that his art serve not only for the enjoyment of humankind but the practical end of instructing persons in the ways of God. Readers who know the art can now know the artist. It is a story eminently worth telling and one a broad public will be interested to know. *A New Translation of Some Part of Swedenborg's Theological Works.* [By George Harrison.] Emanuel Swedenborg, 1859 The Academy, 1898 **The British Millennial Harbinger**, 1851 **Public Discussion of the Issues Between the Reorganized Church of Jesus Christ of Latter Day Saints and the Church of Christ (Disciples)** Edmund Levi Kelley, 1884 *The Way in Divine Metaphysics* J. D. Tarran, 2012-01-12 In many religions, philosophies, and disciplines of spiritual growth, a Way is a path, a discipline, and a code of conduct. The goal of metaphysics is to understand and describe the Way things are in universal terms to bring meaning, purpose, and value to human life. In his comprehensive study of worldwide metaphysics, author J. D. Tarran introduces the World's most significant Wisdom traditions, religious and scientific metaphysical philosophies in order to help others understand how the crucial insights of science and the profundity of religion have affected history. Tarran relies on his extensive studies of religion and metaphysics as he carefully examines the spiritual influences and history of Ideas that have shaped nations and influenced the past. Through this study of different cultures and language concepts, Tarran shares a comprehensive look at many cultures and traditions beginning with the ancient Chinese Taoist Sages' Way and its perception that we exist in unity with nature. The Shamans' Way, The Way of the Brahmin, The Buddhist middle Way, The Way of the Magi, The Way of the Philosophers, The Egyptian Magical Way, The Druids' Preparation of the Way, The Way of the Prophets, The Way of the Essenes as a backdrop and expanded Old Testament to the Way of Christ Jesus, The Eternal Way progresses through Science and later Philosophy and Theology toward a Universal Divine Metaphysics of Equipose. The science of the angel Elohim. In Retrospect, Aboriginal Law of the Eternal Dreaming, Buggarigarra is considered last. Is there only one Truth and one Way? The enlightening reflections and perspectives shared in *The Way in Divine Metaphysics* encourage a greater and more universal awareness of
