Unisa Modules 2015

**Walter Leal Filho, Nandhivarman
Muthu, Golda Edwin, Mihaela Sima**

Unisa Modules 2015:

The Origin and Growth of Geography as a discipline at South Africa Universities Gustav Visser, 2016-09-20 The publication provides the first comprehensive text that reflects on a century of the development of geography as an academic discipline at South African universities The book showcases a broad and textured review of South Africa s geography departments their staff members their times and the different Geographies they engaged in The book lays the foundation from which more expansive individual departmental histories can be written in the future

Open and Distance Education in Asia, Africa and the Middle East Olaf Zawacki-Richter, Adnan Qayyum, 2019-02-18 This book is open access under a CC BY 4.0 license This book describes the history structure and institutions of open and distance education in six countries China India Russia Turkey South Africa and South Korea It describes how open and distance education is evolving in a digital age to reflect the needs and circumstances of the national higher education systems in these countries It also explores the similarities and differences between how their open and distance higher education systems are managed and structured This book is the second in a series following Open and Distance Education in Australia Europe and the Americas Springer 2018 Both books compare and draw conclusions about the nature of open and distance education in the context of various national higher education systems In a digital era characterized by the growing use of online open and distance education this book will prove particularly valuable for policy makers and senior administrators who want to learn about establishing or expanding open and distance education services In addition it offers a valuable reference guide for researchers academics and students interested in understanding the different approaches to open and distance education

International Handbook of Distance Education Terry Evans, Margaret Haughey, David Murphy, 2008-02-13 Distance education is arguably one of the major developments in education during the 20th Century This title explores the array of distance education theories and practices as they have been shaped by the late 20th Century and then positions these in terms of the contemporary circumstances of the 21st Century

Lugalla: Rethinking Teacher Education, 2023-06-27 Rethinking Teacher Education Improvement Innovation and Change is the result of the conference organised by The Aga Khan University Institute for Educational Development East Africa AKU IED EA on education in Uganda in 2017 The Conference gathered participants from nine countries to deliberate on a cross section of factors regarding teacher education in the region and landscaping the same on global perspectives The choice of the conference theme was inspired by a need to consider new systems policies structures and reforms to help drive sustainable education for the development of nations in the East African region A variety of contributors participated from across the education landscape and included researchers working in higher education practitioners such as teachers in schools tutors instructors in colleges and lecturers and professors at universities Also contributing were non governmental organisations with interests in education and student learning outcomes civil society organisations whose interests navigate the role education plays in social and national

development policy makers and curriculum developers librarians publishers booksellers and teacher trainees all of who shared their rich experiences and perspectives on teacher education in the 21st century in East Africa and globally

ICEL2015-10th International Conference on e-Learning Dr Carlton Watson,2015-06-12 These proceedings represent the work of researchers participating in the 10th International Conference on e Learning ICEL 2015 which is being hosted this year by the College of the Bahamas Nassau on the 25 26 June 2015 ICEL is a recognised event on the International research conferences calendar and provides a valuable platform for individuals to present their research findings display their work in progress and discuss conceptual advances in the area of e Learning It provides an important opportunity for researchers and managers to come together with peers to share their experiences of using the varied and expanding range of e Learning available to them With an initial submission of 91 abstracts after the double blind peer review process there are 41 academic Research papers and 2 PhD papers Research papers published in these Conference Proceedings These papers come from some many different countries including Australia Belgium Brazil Canada China Germany Greece Hong Kong Malaysia Portugal Republic of Macedonia Romania Slovakia South Africa Sweden United Arab Emirates UK and the USA A selection of the best papers those agreed by a panel of reviewers and the editor will be published in a conference edition of EJEL the Electronic Journal of e Learning www.ejel.com These will be chosen for their quality of writing and relevance to the Journal s objective of publishing papers that offer new insights or practical help into the application e Learning **Biodiversity and Education for Sustainable Development** Paula Castro,Ulisses M. Azeiteiro,Paula Bacelar-Nicolau,Walter Leal Filho,Anabela Marisa Azul,2016-05-26 This book gathers interdisciplinary reflections from researchers educators and other experts on the subject of biodiversity closer to education and learning The book also highlights its role as an added value to strategic principles for healthy ecosystems and sustainable human development It promotes critical thinking and foster practices and attitudes for Education for Sustainable Development reconciling education with principles of human behaviour and nature Readers especially find this book a timely resource in light of the Strategic Plan for Biodiversity 2011 2020 the Aichi Targets and the new EU biodiversity strategy Our life insurance our natural capital an EU biodiversity strategy to 2020 Along with the challenge of ecosystems and public health biodiversity conservation is essential for humanity s continued security and sustainability as it touches on all aspects of people s lives Transforming Teaching and Learning Experiences for Helping Professions in Higher Education ,2023-02-27 Higher education has transformed and continues to transform in this century because of decolonizing the curriculum and the COVID 19 pandemic which have added an indelible mark to the methodology of teaching and learning Learning spaces have become open to more people through privatization massification e learning platforms and internationally mobile academics allowing individuals from diverse backgrounds to enter the academic and helping professions space Educators need to reskill repurpose redesign and reimagine for a world that is rapidly evolving New ways of teaching need to consider nuances of decolonization of the curriculum deep understanding of

subjects transformative ways of imparting knowledge and technology enhanced learning needs to be embraced Thus the teaching and learning spaces in developed and developing environments move beyond the classroom to prepare 21st century citizens to embrace life long learning Furthermore the content as well as processes involved in teaching and learning must be explored thoughtfully that includes the perspectives of a more inclusive wave of educators and students Thus this book has implications for a global scholarship specifically during disruptive times in Higher Education It is hoped that the book stimulates reflections so that the reader draws inspiration to find contextual relevance that extends into the real world

The Mobile Learning Voyage - From Small Ripples to Massive Open Waters Tom H. Brown, Herman J. van der Merwe, 2015-10-14 This book constitutes the proceedings of the 14th International Conference on Mobile and Contextual Learning mLearn 2015 held in a cruise ship leaving from and arriving to Venice Italy in October 2015 The 22 revised full papers and 6 short papers presented were carefully reviewed and selected from 81 submissions The papers deal with the topics related to the theme of the conference The mobile learning voyage from small ripples to massive open waters The conference theme paid tribute to the developments that brought mobile learning from its infancy steps in the early 2000s to maturity in 2015 while simultaneously paving the way for the broad and open waters ahead with new developments and progress in mobile learning and emerging ambient technologies

Implementing Campus Greening Initiatives Walter Leal Filho, Nandhivarman Muthu, Golda Edwin, Mihaela Sima, 2015-01-21 Firmly rooted in the theory and practice of sustainable development this book offers a comprehensive resource on sustainability focusing on both industrialized and developing nations Implementing Campus Greening Initiatives Approaches Methods and Perspectives is an attempt to promote and disseminate the work being done in this field by universities around the world The need to integrate the principles and concepts of green campuses and sustainability into the core of students educational experiences from high school to college or university has now been broadly recognized By doing so we can ensure that the students of today and tomorrow will acquire the knowledge skills attitudes and values needed to create a more sustainable economy and social environment

ICEL 2017 - Proceedings of the 12th International Conference on e-Learning Laurie O. Campbell, Richard Hartshorn, 2017

Advancing Online Course Design and Pedagogy for the 21st Century Learning Environment Chatham, Daniel, 2021-01-08 The current learning environment is substantially different than what existed for most of the 20th century Learners and teachers today must navigate in perpetually changing contexts where education is influenced by technological advancement and obsolescence economic barriers a changing employment landscape and even international politics Studies indicate that employers seek to hire graduates with strong skills in areas coalescing around international awareness creativity communication leadership and teamwork Skills and experiences in these areas are necessary preparation for the current economy and to pursue jobs that do not exist yet while providing some insulation against the obsolescence of industries that lack these characteristics These interpersonal skills are not often the subject of

students degrees yet there are opportunities in online education to cultivate them With increased interest in new career options comes the need to reconsider how to teach subjects in the increasingly online environment Advancing Online Course Design and Pedagogy for the 21st Century Learning Environment is a critical reference book that navigates today s dynamic education requirements and provides examples of how online learning can foster growth in skill areas necessary for career advancement through effective course design Moreover it helps educators gain insight into online pedagogy and course design for the 21st century learner and prepares them to convert traditional courses and enhance existing online courses thereby supporting students growth and development in the highly dynamic online learning environment Focusing on specific learning activities assessments engagement communication techniques and more this book provides a valuable resource for those seeking to upgrade teaching and learning into the online environment those that seek better employment outcomes for their students and those seeking to explore contemporary online course design strategies or examples This includes teachers instructional designers curriculum developers academicians researchers and students Research Anthology on Developing Effective Online Learning Courses Management Association, Information Resources,2020-12-18 In the current educational environment there has been a shift towards online learning as a replacement for the traditional in person classroom experience With this new environment comes new technologies benefits and challenges for providing courses to students through an entirely digital environment With this shift comes the necessary research on how to utilize these online courses and how to develop effective online educational materials that fit student needs and encourage student learning motivation and success The optimization of these online tools requires a deeper look into curriculum instructional design teaching techniques and new models for student assessment and evaluation Information on how to create valuable online course content engaging lesson plans for the digital space and meaningful student activities online are only a few of many current topics of interest for promoting student achievement through online learning The Research Anthology on Developing Effective Online Learning Courses provides multiple perspectives on how to develop engaging and effective online learning courses in the wake of the rapid digitalization of education This book includes topics focused on online learners online course content effective online instruction strategies and instructional design for the online environment This reference work is ideal for curriculum developers instructional designers IT consultants deans chairs teachers administrators academicians researchers and students interested in the latest research on how to create online learning courses that promote student success Sustainable Development Goals and Institutions of Higher Education Godwell Nhamo,Vuyo Mjimba,2019-09-14 This volume brings together both theoretical and case study based contributions to the implementation of the Sustainable Development Goals SDGs in Institutions of Higher Education IHE presenting an impactful combination of authors from both developing and developed countries While most current publications addressing the SDGs and education focus on sustainable development in general and specific topics such as climate change or energy this book attempts to accelerate the localisation

of the SDGs by presenting opportunities and innovations offered in various universities and campuses regarding SDGs localisation The book seeks to provide an important contribution to the global dialogue on IHE and the SDGs and will be of interest to academics and researchers engaged in the SDGs and education as well as government agencies and other interested stakeholders The book focuses on curriculum and learning matters research and development as well as community engagement Case studies detail the integration of SDGs in academic and professional development new approaches to implementing sustainability science instruction improvements in teaching practices to enhance teacher competence and responsible management education Additional focus is placed on the alignment of the SDGs in higher education with the other goals emphasizing technological innovation for improved human health and environmental management and climate change policies and action plans Interdisciplinary solutions for pressing environmental problems are also provided making sure that no one is left behind in realising these global development goals

Image Analysis and Processing — ICIAP 2015 Vittorio Murino, Enrico Puppo, 2015-08-20 The two volume set LNCS 9279 and 9280 constitutes the refereed proceedings of the 18th International Conference on Image Analysis and Processing ICIAP 2015 held in Genoa Italy in September 2015 The 129 papers presented were carefully reviewed and selected from 231 submissions The papers are organized in the following seven topical sections video analysis and understanding multiview geometry and 3D computer vision pattern recognition and machine learning image analysis detection and recognition shape analysis and modeling multimedia and biomedical applications

Cross-Disciplinary Approaches to Action Research and Action Learning Mapotse, Tome Awshar, 2017-07-31 The complexity of 21st century lifestyle makes collaborative research and learning essential for all of the population both in well resourced and socio economically challenged regions Cross Disciplinary Approaches to Action Research and Action Learning is an advanced reference source including the latest scholarly research on the examination of the development of a community practice of research in order to improve problem solving in various fields Featuring extensive coverage on a broad range of topics such as social justice organizational development and global economy this publication is ideally designed for academics researchers scholars and managers seeking current research on the promotion of collaborative research and learning

Management of Distance Education Mr. Rohit Manglik, 2024-02-15 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels

A History of African Linguistics H. Ekkehard Wolff, 2019-06-13 The first global history of African linguistics as an emerging autonomous academic discipline covering Africa the Americas Asia Australia and Europe

Sustainable Development in Africa Walter Leal Filho, Rudi Pretorius, Luiza Olim de Sousa, 2021-07-09 This book serves the purpose of documenting and promoting African experiences on sustainable development which encompasses both formal and non formal education Sustainable development is very important to Africa but there is a paucity of publication which documents and promotes experiences from African countries Due to their complexity the interrelations between social economic and political factors related to sustainable development especially at universities need to be better understood There is also a real need to showcase successful examples of how African institutions are handling their sustainability challenges It is against this background that this book has been produced It is a truly interdisciplinary publication useful to scholars social movements practitioners and members of governmental agencies and private companies undertaking research and or executing projects focusing on sustainability from across Africa As African nations strive to pursue the UN Sustainable Development Goals it is imperative to cater for the information needs seen across the continent and foster the dissemination of experiences and case studies which may support both on going and future efforts The scope of the book is deliberately kept wide and we are looking for contributions across the spectrum of sustainable development from business and economics to arts and fashion administration environment languages and media studies

Engaging in Transnational Education Karen Mpamhanga, 2025-02-28 This book offers a clear and concise introduction to transnational higher education Drawing on research current sector guidance and policy it asks critical questions about the role and nature of transnational education

motivations for engaging in transnational education how transnational education is quality assured and how it might develop in the future It unpacks some of the differences in practice and their inherent complexities in an accessible way encouraging the reader to consider their own role and context Critical Practice in Higher Education is a series which provides a scholarly and practical entry point for academics into key areas of higher education practice Each book in the series explores an individual topic in depth providing an overview in relation to current thinking and practice informed by recent research The series will be of interest to those engaged in the study of higher education those involved in leading learning and teaching or working in academic development and individuals seeking to explore particular topics of professional interest Through critical engagement this series aims to promote an expanded notion of being an academic connecting research teaching scholarship community engagement and leadership while developing confidence and authority Having spent my time researching practitioner both host and overseas interactions in TNE I passionately believe that practitioner engagement and participation is fundamental to the successful delivery of any TNE initiative I am therefore delighted to endorse this book and recommend it to any practitioner who wishes to understand the phenomenon of TNE in greater detail to improve their knowledge and practice Dr C M Bordogna

Decoding **Unisa Modules 2015**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force. Its power to evoke sentiments, stimulate introspection, and incite profound transformations is genuinely awe-inspiring. Within the pages of "**Unisa Modules 2015**," a mesmerizing literary creation penned by a celebrated wordsmith, readers set about an enlightening odyssey, unraveling the intricate significance of language and its enduring affect our lives. In this appraisal, we shall explore the book's central themes, evaluate its distinctive writing style, and gauge its pervasive influence on the hearts and minds of its readership.

While this might not be the Unisa Modules 2015 full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Unisa Modules 2015 eBooks, including some popular titles.

FAQs About Unisa Modules 2015 Books

What is a Unisa Modules 2015 PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Unisa Modules 2015 PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Unisa Modules 2015 PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Unisa Modules 2015 PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Unisa Modules 2015 PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
