Connor, 2025-05-13 Sometimes our travels take us to places we can only imagine in our wildest dreams: distant lands, deserted islands, or even the entire universe. Janie is twelve years old. She loves to look out the window at night and observe the stars. She writes her thoughts and dreams in a notebook. Sometimes she wonders how she can be so special, unique, and yet so small in the vast universe. Janie grows up in a sheltered environment, but soon she realizes that life isn't just a place of love and dreams. The captivating novel VOICES OF THE UNIVERSE, which has also been adapted into a musical with 20 emotional songs, tells the moving story of Janie's life from her childhood and youth to her old age. **The English illustrated magazine [ed. by J. Hanscom, 2024-03-26 In what ways can or should art engage with its social context? Authors, readers, and critics have been preoccupied with this question since the dawn of modern literature in Korea. Advocates of social engagement have typically focused on realist texts, seeing such works as best suited to represent injustices and inequalities by describing them as if they were before our very eyes. Christopher P. Hanscom questions this understanding of political art by examining four figures.

central to recent Korean fiction film and public discourse the migrant laborer the witness to or survivor of state violence the refugee and the socially excluded urban precariat Instead of making these marginalized figures intelligible to common sense this book reveals the capacity of art to address the impossible speech of those who are not asked expected or allowed to put forward their thoughts yet who in so doing expand the limits of the possible Impossible Speech proposes a new approach to literature and film that foregrounds ostensibly nonpolitical or nonsensical moments challenging assumptions about the relationship between politics and art that locate the politics of the work in the representation of content understood in advance as being political Recasting the political as a struggle over the possibility or impossibility of speech itself this book finds the politics of a work of art in its power to confront the boundaries of what is sayable **The Theatre** Clement
