What Is Cool?

No one can truly understand the sensation of jumping directly onto a turtle, but this is just one of many characteristics bestowed upon the main character in the book *Super Plumber Guy*. The book depicts a brightly lit world of wonder, fungi, and amphibians in varying biomes. While the main character, Mr. Plumber, is depicted as an everyman, his distinct look, style, and behaviors as described in the book show that he is anything but.

Mr. Plumber was originally written as something of an everyday character that the reader could embody. He has no true personality, nor does he have a voice, often allowing secondary characters around him to fill in the gaps. The reader does know that he wears a brightly colored hat, jumps high, and enjoys mushrooms. These are humble characteristics that bring out the humanity of the character. Most people are not a list of unique characteristics but a mosaic of smaller idiosyncrasies.

Super Plumber Guy remains a popular read containing a human character that many might consider boring or free of personality. However, Mr. Plumber is an exceedingly human character who acts as a blank slate for the reader. Diving deeper into other characters and their interactions with him may glean further insight into Mr. Plumber's motivations and inner psychology.
