Walk Two Moons: A Harper Classic Sharon Creech, 2017-10-24 In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling and utterly moving story of love, loss and the complexity of human emotion. This Harper Classic edition features new back matter including a teacher's guide with discussion questions and exclusive information about the author. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the Indian blood in her blood, travels from Ohio to Idaho with her eccentric grandparents. Along the way she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a potential lunatic and whose mother disappeared. As Sal entertains her grandparents with Phoebe's outrageous story, her own story begins to unfold: the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.
