Harrison, 2011-09-27 Once upon a time an anonymous teddy bear set off from a factory in a north London suburb with a van load of similar bears and other toys His spectacular journey was to take him into the hearts of people of all ages around the world and that is where we will join him first in Acton where it all began Shirley Harrison from the introduction The story

truly does begin in Acton England at the Farnell toy factory where the hand made mohair bear was born This biography traces the steps of the actual stuffed bear from his creation to his final resting place in the Children s Center of the New York Public Library Winnie the Pooh was brought to life as a loveable playmate flowing from the vivid imagination of Christopher Robin and introduced to the world by his father A A Milne Shirley Harrison uses original documents photographs and the diaries of the late Elliot Graham caretaker to the bear for more than forty years to give a glimpse into the hidden world of Winnie the Pooh and those whose lives he changed forever Well researched details flesh out the myths surrounding Winnie the Pooh s name his journey to American and his brief return to England Filled with details of the real Christopher Robin his mother father and the impact the stories had on their lives and illustrated with photographs of the people and places that brought the bear to life this book chronicles the origins of one of the best loved children s series in the world and focuses on the stuffed toy that started it all

A Very English Family (1945-1954) Richard Perceval Graves,2024-08-28 Richard Perceval Graves who has written acclaimed biographies of A E Housman Richard Hughes the Powys Brothers and his uncle Robert Graves has now turned the spotlight on his own life and what it was like being brought up in a professional family in those far off days of the 1940s and 1950s

The Creators of Winnie the Pooh Andrew Norman,2025-03-30 In 1962 children s writer Roger Lancelyn Green coined the phrase The Golden Age of Children s Books A A Milne s two Winnie the Pooh books published in 1926 and 1928 which were so beautifully illustrated by artist and book illustrator E H Shepard fall into this category Milne was clearly motivated to compose his Winnie the Pooh stories in order to entertain his young son However Christopher Robin came to resent the fact that his father had used his real first names as the names of Pooh s owner in the books Was there a deeper reason why Milne created Winnie the Pooh Possibly yes The author had served as a soldier in the First World War and by creating Pooh and his Hundred Acre Wood he had created a world into which he could withdraw whenever he chose and thereby mitigate the post traumatic stress disorder which all military combatants suffer to a greater or lesser degree The same applied to Shepard who also served in that conflict Having been given the Pooh books as a child I re read them as an adult and laughed just as uproariously as I had done all those years ago Up until then it had never occurred to me to enquire about their author A A Milne and about their illustrator E H Shepard I now decided that it was time to put matters right

Literature and the Child James Holt McGavran,James Holt MCGAVRAN,1998-04 The Romantic myth of childhood as a

transhistorical holy time of innocence and spirituality uncorrupted by the adult world has been subjected in recent years to increasingly serious interrogation Was there ever really a time when mythic ideals were simple pure and uncomplicated The contributors to this book contend although in widely differing ways and not always approvingly that our culture is indeed still pervaded in this postmodern moment of the very late twentieth century by the Romantic conception of childhood which first emerged two hundred years ago In the wake of the French Revolution and the Industrial Revolution western Europe experienced another fin de si cle characterized by overwhelming material and institutional change and instability By historicizing the specific political social and economic conflicts at work within the notion of Romantic childhood the essayists in *Literature and the Child* show us how little these forces have changed over time and how enriching and empowering they can still be for children and their parents In the first section *Romanticism Continued and Contested* Alan Richardson and Mitzi Myers question the origins and ends of Romantic childhood In *Romantic Ironies Postmodern Texts* Dieter Petzold Richard Flynn and James McGavran argue that postmodern texts for both children and adults perpetuate the Romantic complexities of childhood Next in *The Commerce of Children s Books* Anne Lundin and Paula Connolly study the production and marketing of children s classics Finally in *Romantic Ideas in Cultural Confrontations* William Scheick and Teya Rosenberg investigate interactions of Romantic myths with those of other cultural systems
