Russell,2013-06-11 We must ask ourselves can we allow a group of fundamentalist Muslims following the culture of Islam to freely attack our country our Democratic institutions our freedom of speech our freedom of religion our very civilization and get away with it This is a very controversial subject Our president tells us Islam is a religion of peace Yet we see many examples of the violence of Islam throughout the world and a long history of well documented Islamic violence for over 1400 years What is the truth Our country has always welcomed immigrants from all walks of life and from every religion We protect religions in this country But is Islam truly only a religion Should Islam have religion status That subject will be discussed in this book Some exclaiming fear of the threat of Islam are accused of Islamophobia but when you examine the historical facts like the 9 11 attack in New York City by Muslims that destroyed the World Trade Center and killed nearly 3 000 Americans what is actually happening Daily in Great Britain and numerous countries in Europe fear becomes a reality not a phobia In the early 1930s we were told by many soothsayers that the Nazis were not a threat But some leaders like Winston Churchill knew the truth and eventually the world woke up to his call and was energized to action to stop the evil Nazi empire which nearly took over the world It required a disastrous World War to do it We do not want to repeat that error and wait until it is too late to stop this insidious invasion of Islam What is the truth What should be our position regarding Islam Should we expose our culture to one which says it wants to dominate us and bring to us a set of laws known as Sharia which will make a mockery of our freedoms and subjugate women to second class status This book details the many barbaric concepts of the philosophy of Islam and examines actions we must consider in defense of the cherished and hard earned freedoms which are our right under the Constitution and the Bill of Rights in our democratic world The author was born in New York City in November 1925 the eldest of three children of Dr and Mrs Frank H Russell He graduated in 1950 from the
