What Happened At Roswell:

The Aqua Valley Incident Justin Tully, 2008-11-15 The Aqua Valley Incident is the story of a UFO that is seen playing tag with a flight from Munich Germany that is coming into land at London's Heathrow Airport. The air traffic controllers are alarmed at what they have witnessed and inform the MOD who send out a team of army investigators to see if they can track the UFO and where it has gone. They aren't alone however as three men in a black car follow their every move. Meanwhile the UFO itself has crashlanded in a large lake in the small village of Aqua Valley. The beings on board the UFO are trying their best to keep the humans away while the humans want to know what's at the bottom of the lake and why people keep disappearing seemingly without trace. This exciting science fiction thriller is the fourth novel by Justin Tully. **The Chaos Conundrum** Aaron John Gulyas, 2014-01-23 In The Chaos Conundrum historian Aaron John Gulyas examines how the paranormal has intersected and influenced our culture in myriad ways from the conspiracy beliefs of William Cooper and Exopolitics to the challenge that the stories of Gray Barker presented to our concept of self and time. He looks at the maelstrom of personalities, agendas, impressions, data, confusion and contradictions that can be found in the world of the weird and demonstrates how they have become an integral part of our lives whether in the form of flying saucers, hauntings, religious revelations, psychic abilities or dozens of other guises. Gulyas delves into the stories of the people who have attempted to create order out of the chaos. Along the way he recounts his own journey from enthusiastic believer in the shadow government and their underground bases to jaded academic skeptic and then finally to someone who thinks there might just be something to the paranormal after all but not what we have been led to expect or believe. **The UFO Invasion** Kendrick Frazier, Barry Karr, Joe Nickell, 2023-10-17 UFOs and space aliens are visiting Earth. Now it's time to get the facts. Did a flying saucer really crash near Roswell, New Mexico in 1947 and have we been victims of a sinister government conspiracy to hide its alien occupants in a secret facility? Is there truth behind the swirled crops phenomenon? Have humans been abducted by aliens? In an effort to counter media misinformation, The UFO Invasion offers definitive behind-the-scenes accounts of each case of extraterrestrial visitations and paranormal claims. This fully documented look at sightings encounters the Roswell incident, MJ-12 documents, crop circles, the alien autopsy and more will challenge, illuminate, anger and amuse.
