Free-Space Laser Communications Arun K. Majumdar, Jennifer C Ricklin, 2010-05-05 Free space laser communications also referred to as optical communications is a popular subject in today's technological marketplace A number of conferences on this subject have been organized by professional societies such as SPIE the International Society of Photo Optical and Instrumentation Engineering OSA Optical Society of America and IEEE Institute of Electrical and Electronics Engineers The evolving technology of free space laser communications is emerging as an appealing alternative to RF communications for links between satellites as well as a promising addition to terrestrial applications such as video or computer linkups between buildings There is a pressing need for more information on laser communications that is comprehensive enough to provide in depth knowledge of free space communications and that can satisfy the current demands of the research and commercial needs This book has been designed to provide a comprehensive unified tutorial to further understanding of the fundamental techniques for laser communications through the earth's atmosphere The driving force behind free space laser communications is the continuous demand for higher bandwidth to deliver high capacity voice data and images to the customer Free space propagation distances include ranges that encompass a few millimeters for example between optical interconnects in a computer using photonics to replace metal interconnects a few meters such as indoor communications a few kilometers between buildings campuses and hospitals and even up to thousands of kilometers such as from an aircraft or satellite to the ground

Social Work Practice With Older Adults Jill M. Chonody, Barbra Teater, 2017-11-08 Social Work Practice With

Older Adults by Jill Chonody and Barbra Teater presents a contemporary framework based on the World Health Organization's active aging policy that allows forward thinking students to focus on client strengths and resources when working with the elderly. The Actively Aging framework takes into account health, social, behavioral, economic, and personal factors as they relate to aging but also explores environmental issues which supports the new educational standards put forth by the Council on Social Work Education. Covering micro, mezzo, and macro practice domains, the text examines all aspects of working with aging populations from assessment through termination.

Core Topics in Obstetric Anaesthesia Kirsty MacLennan, Kate O'Brien, W. Ross Macnab, 2015-10-26. This new addition to the highly successful Core Topics in Anaesthesia series provides a clinically relevant text for both trainees and consultants covering the entire sub specialty of obstetric anaesthesia. In depth coverage of pregnancy related physiology and pharmacology makes this book an excellent revision tool for basic science examinations. It is also a troubleshooting guide for anaesthetists when managing parturients suffering with concurrent medical conditions including obesity, sepsis, hypertensive renal, respiratory, neurological, haematological, and endocrine diseases. Chapters provide recommended management plans for specific conditions such as HIV and neuropraxia following regional anaesthesia and include algorithms to guide clinical decision making. Guidance on the required infrastructure for setting up services such as antenatal clinics is also included. Experts in their fields have contributed sections including allergy testing and immunology, the immunocompromised parturient, and maternal collapse. This practical resource will serve as a survival guide for all those caring for parturients on the delivery suite.
