Resources in Education, 1998 **Poetry and the Leningrad Religious-Philosophical Seminar 1974-1980**

Josephine von Zitzewitz, 2016-05-12 The Religious Philosophical Seminar meeting in Leningrad between 1974 1980 was an underground study group where young intellectuals staged debates read poetry and circulated their own typewritten journal called 37 The group and its journal offered a platform to poets who subsequently entered the canon of Russian verse such as Viktor Krivulin 1944 2001 and Elena Shvarts 1948 2010 Josephine von Zitzewitz's new study focuses on the Seminar's identification of culture and spirituality which allowed Leningrad's unofficial culture to tap into the spirit of Russian modernism as can be seen in 37 This book is thus a study of a major current in twentieth century Russian poetry and an enquiry into the intersection between literary and spiritual concerns But it also presents case studies of five poets from a special generation not only Krivulin and Shvarts but also Sergei Stratanovskii 1944 Oleg Okhapkin 1944 2008 and Aleksandr Mironov 1948 2010

The Journal of Education for Lower Canada, 1863 **The Oxford History of Poetry in English**, 2024-10-25 The Oxford History of Poetry in English OHOPE is designed to offer a fresh multi voiced and comprehensive

analysis of poetry from Anglo Saxon culture through contemporary British Irish American and Global culture including English Scottish and Welsh poetry Anglo American colonial and post colonial poetry and poetry in Canada Australia New Zealand the Caribbean India Africa Asia and other international locales OHOPE both synthesizes existing scholarship and presents cutting edge research employing a global team of expert contributors for each of the fourteen volumes By taking as its purview the full seventeenth century 1603 1700 this volume re draws the existing literary historical map and expands upon recent rethinking of the canon Placing the revolutionary years at the centre of a century of poetic transformation and putting the Restoration back into the seventeenth century the volume registers the transformative effects on poetic forms of a century of social political and religious upheaval It considers the achievements of a number of women poets not yet fully integrated into traditional literary histories It assimilates the vibrant literature of the English Revolution to what came before and after registering its long term impact It traces the development of print culture and of the literary marketplace alongside the continued circulation of poetry in manuscript It places John Milton Andrew Marvell Margaret Cavendish and Katherine Philips and other mid century poets into the full century of specifically literary development It traces continuity and change imitation and innovation in the full century trajectory of such poetic genres as sonnet elegy satire georgic epigram ode devotional lyric and epic The volume s attention to poetic form builds on the current upswing in historicist formalism allowing a close focus on poetry as an intensely aesthetic and social literary mode Designed for maximum classroom utility the organization is both thematic and in the authors section chronological After a comprehensive Introduction organizational sections focus on Transitions Materiality Production and Circulation Poetics and Form Genres and Poets *Selected Essays in Criticism* L. C. Knights, 1981-06-04 This is a selection of essays by one of the most distinguished of modern literary critics L C Knights published as a companion volume to the selection of Professor Knights Shakespearean essays which appeared in 1979 The essays span almost four decades of critical work on authors as diverse as Marlowe George Herbert Clarendon and Henry James At the centre of each essay is an attempt to elicit some essential quality in the author or authors discussed Although each can be read as an isolated critical essay the different pieces are linked by a pervasive interest in the conditions social or personal out of which particular works emerged and in the way in which major works of the imagination are renewed as they are re interpreted in successive generations Throughout the underlying assumption is that literary criticism needs to be pure the result of direct exposure to particular works but that it cannot remain purely literary if only because the meaning of literature includes its effects on the lives and conduct of individual human beings **Women as Writing Subjects in High Qing China** Chengjuan Sun, 2024-07-29 In what ways did Qing gentry women s concern for gender and social propriety shape their assertions of female subjectivity and agency How did they exploit the state promotion of female virtue and Confucian morality for self fulfillment With a focus on three of the most widely acclaimed mid Qing women authors this book uses both synchronic and diachronic approaches to analyze writings on conjugal love widowhood

women's education, maternal teaching, boudoir objects and history illustrating their vibrant gendered revision of literary poetic convention, thus proposing an alternative analytical framework that goes beyond the rigid dichotomy of compliance versus resistance. *Educational Times*, 1890

Whitman's Poetry of the Body M. Jimmie Killingsworth, 2016-08-01 This book combines literary and historical analysis in a study of sexuality in Walt Whitman's work. Informed by his new historicist understanding of the construction of literary texts, Jimmie Killingsworth examines the progression of Whitman's poetry and prose by considering the textual history of *Leaves of Grass* and other works. Killingsworth demonstrates that Whitman's poetry of the body derives its radical power from the transformation of conventional attitudes toward sexuality, traditional poetics, and conservative politics. The sexual relation, with its promise of unity, love, equality, interpenetration, and productivity for partners, becomes a metaphor for all political and social relationships, including that of poet and reader. The effect of the poems is protopolitical: an altering of consciousness about the body's relation to other bodies, a shifting of the categories of knowledge that foretells political action. Killingsworth traces the interplay in Whitman's poetry between sexual and textual themes that derive from Whitman's political response to the historical turbulence of mid-century America. He describes a subtle shift in Whitman's prose writings on poetics, which turn from a view of poetry in the early 1850s as morally and politically efficacious to a chastened romanticism in the postwar years that frees the poet from responsibility for the world outside his poems. Later editions of *Leaves of Grass* are marked by the poet's deliberate repression of erotic themes in favor of a depoliticized aestheticism that views art not as a motivator of political and moral action but as an artifact embodying the soul of the genius. *Speech and Drama*, 1980

The Lyric Self in Zen and E.E. Cummings Michael Buland Burns,Rima Snyder,2015-04-03 The Lyric Self offers a precise and thorough examination of Zen based on classical and contemporary scholarly works as well as the author s personal experience Eight themes that are common to the practice of Zen Buddhism and the poetry of E E Cummings are compared and explored with an emphasis on their respective value to contemporary psychology and education It is the premise of The Lyric Self that both Zen and Cummings poetry are profoundly concerned with individual awareness and that they both employ an unorthodox use of words to break through the static structures of conventional language and thought

Primal Roots of American Philosophy Bruce Wilshire,2010-11-01 Continuing his quest to bring American philosophy back to its roots Bruce Wilshire connects the work of such thinkers as Thoreau Emerson Dewey and James with Native American beliefs and practices His search is not for exact parallels but rather for fundamental affinities between the equally organismic thought systems of indigenous peoples and classic American philosophers Wilshire gives particular emphasis to the affinities between Black Elk s view of the hoop of the world and Emerson s notion of horizon and also between a shaman s healing practices and James s ideas of pure experience willingness to believe and a pluralistic universe As these connections come into focus the book shows how European phenomenology was inspired and influenced by the classic American philosophers whose own work reveals the inspiration and influence of indigenous thought Wilshire s book also reveals how artificial are the walls that separate the sciences and the humanities in academia and that separate Continental from Anglo American thought within the single discipline of philosophy
