**The Quest for Socialist Utopia** Bahru Zewde, 2014 In the second half of the 1960s and the early 1970s the Ethiopian student movement emerged from rather innocuous beginnings to become the major opposition force against the imperial regime in Ethiopia contributing perhaps more than any other factor to the eruption of the 1974 revolution a revolution that brought about not only the end of the long reign of Emperor Haile Sellassie but also a dynasty of exceptional longevity The student movement would be of fundamental importance in the shaping of the future Ethiopia instrumental in both its political and social development Bahru Zewde himself one of the students involved in the uprising draws on interviews with former student leaders and activists as well as documentary sources to describe the steady radicalisation of the movement characterised particularly after 1965 by annual demonstrations against the regime and culminating in the ascendancy of Marxism Leninism by the early 1970s Almost in tandem with the global student movement the year 1969 marked the climax of student opposition to the imperial regime both at home and abroad It was also in that year that students broached what came to be famously known as the national question ultimately resulting in the adoption in 1971 of the Leninist Stalinist principle of self determination up to and including secession On the eve of the revolution the student movement abroad split into two rival factions a split that was ultimately to lead to the liquidation of both and the consolidation of military dictatorship as well as the emergence of the ethno nationalist agenda as the only viable alternative to the military regime Bahru Zewde is Emeritus Professor of History at Addis Ababa University and Vice President of the Ethiopian Academy of Sciences He has authored many books and articles notably *A History of Modern Ethiopia 1855 1974* and *Pioneers of Change in Ethiopia The Reformist Intellectuals of the Early Twentieth Century* Finalist for the Bethwell A Ogot Book Prize to the author of the best book on East African Studies 2015 Ethiopia Addis Ababa University Press paperback [Ethiopia](#) Siegbert Uhlig, David Appleyard, Alessandro Bausi, Wolfgang Hahn, Steven Kaplan, 2017 ETHIOPIA is a compendium on Ethiopia and Northeast Africa for travellers students businessmen people interested in Africa policymakers and organisations In this book 85 specialists from 15 countries write about the land of our fossil ancestor Lucy about its rock hewn churches and national parks about the coexistence of Christians and Muslims and about strange cultures but also about contemporary developments and major challenges to the region Across ten chapters they describe the land and people its history cultures religions society and politics as well as recent issues and unique destinations documented with tables maps further reading suggestions and photos **Modernist Art in Ethiopia** Elizabeth W. Giorgis, 2019-02-11 If modernism initially came to Africa through colonial contact what does Ethiopia's inimitable historical condition its independence save for five years under Italian occupation mean for its own modernist tradition In *Modernist Art in Ethiopia* the first book length study of the topic Elizabeth W Giorgis recognizes that her home country's supposed singularity particularly as it pertains to its history from 1900 to the present cannot be conceived outside the broader colonial legacy She uses the evolution of modernist art in

Ethiopia to open up the intellectual cultural and political histories of it in a pan African context Giorgis explores the varied precedents of the country's political and intellectual history to understand the ways in which the import and range of visual narratives were mediated across different moments and to reveal the conditions that account for the extraordinary dynamism of the visual arts in Ethiopia In locating its arguments at the intersection of visual culture and literary and performance studies *Modernist Art in Ethiopia* details how innovations in visual art intersected with shifts in philosophical and ideological narratives of modernity The result is profoundly innovative work a bold intellectual cultural and political history of Ethiopia with art as its centerpiece
