

Rhetorical Devices

DIRECTIONS: Identify the rhetorical device being used in each quote.

"Duty, Honor, Country: Those three hallowed words reverently dictate what you ought to be, what you can be, what you will be. They are your rallying points: to build courage when courage seems to fail; to regain faith when there seems to be little cause for faith; to create hope when hope becomes forlorn."

~ General Douglas MacArthur, Thayer Award Acceptance Address

"We are today in mourning, in grief that is so deeply painful for us. [Princess Diana] was a wonderful and a warm human being. Though her own life was often, sadly, touched by tragedy, she would reveal to all of us the depth of her compassion and her humanity. The people everywhere, not just here in Britain, everywhere -- they kept faith with Princess Diana. They liked her. They loved her. They regarded her as one of the people. She was the people's princess."

-- Tony Blair, Press Remarks on the Passing of Princess Diana

"In Torquemada's time, there was at least a system that could, to some extent, make righteousness and peace kiss each other. Now, they do not even bow."

-- G.K. Chesterton, Orthodoxy

Shorties Engelbert Thaler, 2016-08-15 Short narrative texts are good for the language classroom because they are short and narrative. Therefore, this volume treats the teaching potential of Shorties on a theoretical level (part A), a methodological level (part B), and a practical level (part C). Part A highlights the topic from the perspectives of different academic disciplines in this case from a TEFL as well as from a linguistic and literary viewpoint. In part B, methodological contributions on selected texts, media, and procedures are assembled. Part C is a collection of concrete sample lessons for teaching English at various levels. These lesson plans have been designed at university, carried out, and evaluated by 11 experienced teachers and finally revised by the editor.

Research and Rhetoric Amy Price Azano, Carolyn Callahan, 2021-10-21 The CLEAR curriculum developed by the University of Virginia's National Research Center on the Gifted and Talented is an evidence-based teaching model that emphasizes Challenge, Leading to Engagement, Achievement, and Results. In Research and Rhetoric Language Arts Units for Gifted Students in Grade 5, students will engage in a systematic study of rhetoric as contemplated by the Greek philosopher Aristotle. Students will answer the question: When do you appeal to one's intellect, to emotions, or perhaps to one's sense of morality when trying to persuade? In the research unit, students will learn and employ advanced research skills from crafting open-ended research questions and discerning between reliable sources. They will carry out their own research study and present findings at a research gala. These units focus on critical literacy skills, including reading diverse texts, understanding a speaker's or author's perspective, and understanding an audience's perspective. Winner of the 2016 NAGC Curriculum Studies Award, Grade 5.
