Werewolves and Innocence

Complete Bundle Marilyn Fae, 2020-10-05 This four book collection of steamy stories finds innocent young women falling for the men in their lives that they're supposed to love but not in the way they do. Overpowered by the Alpha Werewolves twice their ages, there's little they can do but submit. Here you will find Precious. She doesn't see him because he's too close because he's always there to pick up the pieces. He's supposed to be there for her. But he doesn't want just pieces. He doesn't want to just pick up what's left of her broken heart. He wants all of her. It is a love that consumes. One that destroys. He's supposed to love her but not like this. Captured Bride. Everyone knows Marin's boyfriend Dominic is an Alpha Werewolf and he is obsessed with her. He wants the world to know she's his. From the outside, he looks like a wildly possessive and jealous boyfriend with control issues. He has no qualms claiming and humiliating her outdoors. What everyone doesn't know is just how much she loves it. Captive Angel. Magnus knows he's being selfish, keeping his angel all to himself, isolating her from the world and forbidding anyone from even looking at her twice. But she's such a precious little thing, white wings spread out behind her golden curls on her head and lithe body perched so beautifully on his lap as she parts her lovely lush lips and urges him to feed her faster. Sweet innocent thing. Break In. Allie wakes with a stranger in her bed and panics. And that's before she realizes that she's been tied in place. She blinks up at the man, the werewolf who has her locked in place and opens her mouth to plea to beg. But she doesn't need to worry. Someone's coming for her. She's the mate of a powerful Alpha Werewolf. It's just a matter of whether he can make it in time. Excerpt: Her heart is pounding, drowning out all other noise which isn't in her best interest considering how easily it would be for them to overtake her and surround her. She doesn't make it far before the first Wolf pounces on her, slamming her into the ground and knocking her breath from her lungs. She struggles, hands pawing the ground for anything she can use as a weapon and is rewarded with a huge rock that she hits the Wolf with. He howls in pain and snarls momentarily distracted by the pain in his head and is quickly tackled by another Wolf. She struggles to her feet and keeps running, ignoring the throbbing pain on her ankles and palm where she's scratched herself from her earlier fall and scramble to get away. The sound of growls and snarls behind her prompts her into running faster and faster, her legs burning and muscles aching as she tries to proper herself faster. Adrenaline can only get her so far when it comes to running away from Werewolves though, and it doesn't take long for a hand to fist the back of her shirt, clutching her and then pushing her down. She falls again but a hand lashes out and catches her before her knees hit the ground for the second time that day. The first thing she notices is the sharp claws around her waist, dark fur covering the entire arm, monstrous and terrifying. The second is the low purring breath close to her ear. Mine, he rumbles, and she feels something wet dripping onto her shoulders, sliding down until she can see the smear of red all over her clothes. She makes the mistake of looking up to see who's captured her and sees a truly terrifying face, sharp fangs and wolf-like but enough human characteristics to be uncanny. She yelps and tries to pull away but his arm tightens around her and she's lifting off the

ground What what re you doing he turns her around and lowers her onto the floor gently or probably as gently as he can manage She s never seen a Werewolf before He s huge easily twice her size and height looming over her and casting her in his shadows The moon shines brightly behind him and she s too tired to run Her eyes are drawn to his face wolf like and human at the same time blood dripping from his jaws and his claws Her shirt is smeared where he s caught her earlier and for a second she s afraid he s hurt her but she doesn t feel pain there so it s not her blood From the looks of it it s not his blood either He bends down until he is covering her with his body and presses his nose to her neck breathing in deep when he speaks again it s a low rumbling growl that seems to shake the very ground she s laying on Mine he growls **Alpha Werewolves & Littles Complete Bundle** Arian Wulf,2021-08-10 Alpha Werewolves Littles Complete Bundle An Alpha by any other name would be just as obsessed These Littles are just begging to be pampered and loved owned and possessed in every way imaginable In this complete bundle you will find Alpha Werewolves Little Kittens Aria is eighteen years old Her favorite food is fish She enjoys long naps whilst curled up at high places She s a Cat Shifter with more cat like characteristics and physical proof of her animal than most Shifters which normally means she should be put in a special facility but her parents want her to be human so she pretends as much as she can Until she s caught by two Alpha Werewolves Alpha Werewolves Little Rabbits Anastasia is a prisoner in a cell with a Master who has little use for her except to admire her pretty rabbit ears and cute bunny tail She s a very pretty little thing Her Master reminds her of that every time he shows her off The last thing she expects is a rescue The the Alpha Werewolf in charge of breaking her out of her prison cell doesn t want to keep her in a cage He wants to claim her Alpha Werewolves Little Lies Newly eighteen Sierra is supposed to be kept hidden until she s old enough to be mated Instead she s in the library with no protection at all Two Werewolves attack the Wererabbit sanctuary and finds her They convince the terrified wererabbit that in order to keep her safe they have to mark her and cover her with their scent and she is naive enough to believe them Alpha Werewolves Little Angels Damian feels a peculiar combination of horror and awe as he stands in front of the glass cage Inside there is a lovely young woman with large trusting eyes red lips pursed in curiosity as she peers at him Her giant white wings flare out behind her like an angel Except he knows she s not an angel because there are papers in his office telling him when and how she s made PG Excerpt Excerpt from Alpha Werewolves Little Angels Damian s first memory of her on a picture printed on a huge file She was just a ball of cells then so small that she s barely visible in the large tank she s kept in floating in the middle of a mass of orange goo that appears to glow because of the twin light sources at the top and bottom of the tank She was so small that they zoomed into the picture and magnified the picture in a separate section making sure he can see there s something in the tank that it s not empty The man in charge a businessman who had gotten the project going under the guise of something else is explaining all the things they ll be doing with her There are werewolves in the world why shouldn t there be other shifters he says She will be the first bird human hybrid because people have always been obsessed with flight and wings and she will be

able to have both He can't see it yet but she will have wings soon and they're accelerating her growth process until she'll be at growth in a few weeks Once she's fully grown they're going to study her and then take her apart to study her clone her sell her as a sort of exotic pet for the rich He tells Damian many things but he's not listening because he's staring at the papers in his hand in horror He didn't approve of this He has no memory of approving this experiment very much the opposite in fact When the first proposal was laid on his desk he had fired the man who suggested it And now now it had gone ahead regardless in a department that didn't know when to stop It's an experiment a life form created in a laboratory by splicing the best of human genetics with animal genes that will make her more animal than human Make her animal enough that she won't have basic human rights Genetic manipulation of this sort just isn't done It's playing at being God He had assumed that the department would be disbanded after his clear rejection of the very idea He thought too highly of his team perhaps Everyone knew it was wrong and shouldn't be done but they can't help but be curious as well What would happen if the program wasn't shut down The first steps have been taken already after all It is not as though they don't have the equipment or the money to get it done They didn't even need to do much Just close one eye and let it happen And now He flips through the rest of the pages It's a thick file a documented progression of her growth from one tiny ball of cells Now there is a team of scientists who doesn't know that he's here to tell them to pack up and go home because he's shutting down the program once and for all after discovering something wrong in the numbers It's not tallying up There's a whole separate department that he thought he had put a stop to months ago Now there is a living being in a cage blinking up at him with innocent large eyes
