Normalisation, Inclusion and Democracy U. Vieten, 2014-11-07 Revisiting Iris Marion Young on Normalisation Inclusion and Democracy presents an innovative collection of politically and theoretically inspiring papers by feminist queer and postcolonial writers All authors engage with Young s politics of cultural difference and a politics of positional difference read against her critique of normalisation *Paradoxical Right-Wing Sexual Politics in Europe* Cornelia Möser, Jennifer

Ramme, Judit Takács, 2021-12-06 How did far right hateful and anti democratic ideologies become so successful in many societies in Europe This volume analyses the paradoxical roles sexual politics have played in this process and reveals that the incoherence and untruthfulness in right wing populist ultraconservative and far right rhetorics of fear are not necessarily signs of weakness Instead the authors show how the far right can profit from its own incoherence by generating fear and creating discourses of crisis for which they are ready to offer simple solutions In studies on Poland Hungary Spain Italy Austria Ireland Northern Ireland Portugal France Sweden and Russia the ways far right ideologies travel and take root are analysed from a multi disciplinary perspective including feminist and LGBTQI reactions Understanding how hateful and antidemocratic ideologies enter the very centre of European societies is a necessary premise for developing successful counterstrategies **Handbook on Local and Regional Governance** Filipe Teles, 2023-01-13 Holistic in approach this Handbook s international range of leading scholars present complementary perspectives both theoretical and empirically pertinent to explore recent developments in the field of local and regional governance **The Mobility of Memory** Luisa

Passerini, Milica Trakilović, Gabriele Proglia, 2020-10-06 Migration is most concretely defined by the movement of human bodies but it leaves indelible traces on everything from individual psychology to major social movements Drawing on extensive field research and with a special focus on Italy and the Netherlands this interdisciplinary volume explores the interrelationship of migration and memory at scales both large and small ranging across topics that include oral and visual forms of memory archives and artistic innovations By engaging with the complex tensions between roots and routes minds and bodies The Mobility of Memory offers an incisive and empirically grounded perspective on a social phenomenon that continues to reshape both Europe and the world Cities, Migration, and Governance Felicitas Hillmann, Michael

Samers, 2023-07-31 This volume examines how cities migration and urban governance are intertwined Questioning and re working the conceptual reliance on scales and levels it draws on examples from both Europe and North America to conceptualize the variety of cities as re active and pro active within glocal and socio territorial dynamics The book covers the

governance of the myriad dimensions of urban life such as work housing racism Islamophobia xenophobia the arts leisure and other cultural practices political participation social movements and contentious politics in North American and European cities While cities might implement integration policies the chapters do not necessarily assume that migrants live with the telos of integration but rather conduct their lives as anyone else would making meaning and voicing concerns under often difficult material conditions strewn with the markers of race religion gender sexuality age and often illegality The volume highlights four arguments themes or contributions addressed by one or more of the chapters how demographic change is prompting more pro active urban governance responses in many cities in the 21st century how the sheer complexity of migration in the 21st century is shaping the participation of citizen civil society actors the growing role of new private actors in the realm of urban governance and the participation of migrants themselves in this governance The book reminds us that we are confronted with a spectrum of urban governance strategies ranging from re active cities to pro active and welcoming cities Both timely and relevant this book collects the work of well known scholars in the field of migration and urban studies The chapters in this book were originally published as a special issue of Geographical Review

Understanding China's Digital Politics Tianru Guan,2025-09-11 This book examines the impact of China's move to the digital sphere of public deliberation and discourse It recognizes that although there were great hopes that the Internet not just in China would bring pluralism tolerance civility and rationality to public debates and enhance the prospects for democracy in authoritarian countries in practice the Internet has besides encouraging these virtues also enabled much deplorable behavior Based on extensive original research this book explores these more negative aspects of Internet discourse in China including polarization conspiratorial discourses disinformation populist communication and hate speech outlining their nature and considering their consequences As such this book goes further than many other books on the Chinese Internet which focus on the censorship versus resistance perspective

Loss and Liquid Citizenship in Europe Ulrike M. Vieten,2025-06-06 Loss and Liquid Citizenship in Europe offers a means of understanding how experiences of loss intersect with discourses of migration and citizenship to affect feelings of belonging with respect to host communities and newcomers Adopting a de colonial and intersectional perspective it examines the condition of postmigration regarding it as a space of social cultural and political transformation In doing so it questions the dominant binary in terms of both legal distinctions and socio cultural distinctions between settled majorities and migrating minorities Confronted with the spread of a neo populist far right political agenda across the world this book provides new insights into ways in which we might re conceptualise a vision of social inclusion for both majorities and minorities on the move As such it will appeal to scholars and students across the social sciences with interests in migration and diaspora citizenship and belonging

The Reflexive Diversity Research Programme Andrea D. Bührmann,2021-02-04 Diversity is both a cause for controversial discussions and an opportunity to reflect on social participation This book offers a basic introduction to important currents in diversity

research by presenting central theoretical determinants of the research perspective An analysis of the diversity strategy and its implementation at the University of California Berkeley serves as an empirical practical example in this regard In particular this case study illustrates the intersectional research perspective and the multi level and multi method research design of reflexive diversity research In the sense of reflexive constructivism the practice of research itself is reflected using the example of the case study

Responsibility in Environmental Governance Tobias Gumbert,2022-10-02 This book provides a comprehensive study of the notion of responsibility in environmental governance It starts with the observation that although the rhetoric of responsibility is indeed all pervasive in environmental and sustainability related fields decisive political action is still lacking Governance architectures increasingly strive to hold different stakeholders responsible by installing accountability and transparency mechanisms to manage environmental problems yet the structural background conditions affecting these issues continue to generate unevenly distributed socially unjust and ecologically devastating consequences Responsibility in Environmental Governance develops the concept of responsibility as an analytical approach to map and understand these dynamics and to situate diverse meanings of responsibility within larger socio political contexts It applies this approach to the study of food waste governance uncovering a narrow governance focus on accountability optimization and consumer behavior change strategies opening up spaces for organizing more democratic solutions to a truly global problem

Enabling Urban Alternatives Jens Kaae Fisker,Letizia Chiappini,Lee Pugalis,Antonella Bruzzese,2018-12-08 This book asks how thinking governing performing and producing the urban differently can assist in enabling the creation of alternative urban futures It is a timely response to the ongoing crises and pressing challenges that inhabitants of cities towns and villages worldwide are faced with in the midst of what has been widely dubbed as an urban age Starting from the premise that current urban development patterns are unsustainable in every sense of the word the book explores how alternative patterns can be pursued by the wide variety of actors from governments and international institutions to slum dwellers and social movements involved in the on going production of our shared urban condition The challenges addressed include exclusion and segregation persisting poverty and increasing inequality urban sprawl and changing land use patterns and the spatial frames of urban policy As such the book appeals to urban scholars policy makers activists and others concerned with shaping the future of our cities and of urban life in general Additionally it is of interest to students in urban planning architecture and design human geography urban sociology and related fields

Ethnic Identity, Social Mobility and the Role of Soulmates Marieke Slootman,2018-09-21 Based on a study among higher educated adult children of lower class Turkish and Moroccan immigrants in the Netherlands this open access book explores processes of identification among social climbers with ethnic minority backgrounds Using both survey data and open interviews with these minority climbers the study details the contextual and temporal nature of identification The results illustrate how ethnicity is contextual but have tangible and inescapable effects at the same time Also the findings call for a more reflexive

use of terms like ethnic ingroup outgroup and bonding bridging Overall the book helps us understand the emergence of middle class segments that articulate their minority identities and as such it will be of great interest to academics policy makers and all those interested in processes of integration and or diversity

Against Better Judgement: Rethinking Multicultural Society, 2022-09-26 The topics addressed in this book varies from issues in multicultural society to scholarship In fourteen short essays the authors discuss crucial topics including personal sociology arts policy making creolisation diaspora communities minority empowerment political exclusion homemaking practice of science This liber amicorum offers a unique collection of essays that opens a fresh window for everybody interested in multicultural societies history arts and social science The contributions to this book represents a fine scholarship dealing with contemporary issues in society and academia Contributors include Peter A G van Bergeijk Frank Bovenkerk Miriela G L Carolina G rkan elik Chan E S Choenni Hans Crebas Jaswina Elahi Frits van Engeldorp Gastelaars Roshni Ganpat Halleh Ghorashi Wiren Gowricharn Rosemarijn Hoefte Saira Jahangir Abdoelrahman Michiel van Kempen Slawomir Magala Brij Maharaj Rinus Penninx Artie Ramsodit Hans Ramsoedh Sandra Trienekens Wilfred Uunk and Tanya Wijngaarde

Superdiversity, Policy and Governance in Europe Jenny Phillimore, Nando Sigona, Katherine Tonkiss, 2020-10-21 Immigration has transformed the social economic political and cultural landscapes of global cities such as London Melbourne Milan and Amsterdam The term superdiversity captures a new era of migration driven demographic diversifications and associated complexities Superdiversity is the future or in many cases the current reality of neighbourhoods cities countries and regions yet the implications of superdiversification for governance and policy have until now received very little attention First published as a special issue of Policy Politics this insightful volume brings together contributions from experts across Europe to explore the ways in which superdiversity has shaped the development of policy and to consider challenges for the future

Populism and the Crisis of Democracy Gregor Fitzi, Juergen Mackert, Bryan Turner, 2018-10-11 The contributions to this volume Politics Social Movements and Extremism take serious the fact that populism is a symptom of the crisis of representation that is affecting parliamentary democracy Right wing populism skyrocketed to electoral success and is now part of the government in several European countries but it also shaped the Brexit campaign and the US presidential election In Southern Europe left wing populism transformed the classical two parties systems into ungovernable three fractions parliaments whereas in Latin America it still presents an instable alternative to liberal democracy The varying consequences of populist mobilisation so far consist in the maceration of the established borders of political culture the distortion of legislation concerning migrants and migration and the emergence of hybrid regimes bordering on and sometimes leaning towards dictatorship Yet in order to understand populism innovative research approaches are required that need to be capable of overcoming stereotypes and conceptual dichotomies which are deeply rooted in the political debate The chapters of this volume offer such new theoretical strategies for inquiring into the multi faceted populist phenomenon The chapters

analyse its language concepts and its relationship to social media in an innovative way draw the contours of left and right wing populism and reconstruct its shifting delimitation to political extremism Furthermore they value the most significant aftermath of populist mobilisation on the institutional frame of parliamentary democracy from the limitation of the freedom of press to the dismantling of the separation of powers to the erosion of citizenship rights This volume will be an invaluable reference for students and scholars in the field of political theory political sociology and European Studies **Contested**
