The Harvey House Cookbook George H. Foster, Peter C. Weiglin, 2006-03-10 In the 1870s people traveling west of the Mississippi were still venturing into the wild. Loud smoke belching trains might have cut across the rough terrain but harsh weather, rigid seats and short breaks for bad food in the middle of nowhere showed the West was by no means won. Entrepreneur Fred Harvey had an eye for such problems and a nerve for the impossible. In 1876 he began establishing high quality dining rooms along the Santa Fe Railroad and his Harvey Houses helped change the entire picture of the American West. Recapture the spirit of the first western railway excursions with The Harvey House Cookbook. Its 200 plus vintage recipes, numerous period photos and fascinating stories will take readers back to one of America's legendary experiences in the Old West.

The book uniquely combines practical recipes with scientific explanations, offering a comprehensive understanding of sauce preparation. It progresses methodically, starting with basic sauce categories and core techniques, then moves into regional variations including classic French, Italian, and Asian sauces.
