Copyright Office, 1978 Supreme City Donald L. Miller, 2015-05-19 An award winning historian surveys the astonishing cast of characters who helped turn Manhattan into the world capital of commerce communication and entertainment **The First King of Hollywood** Tracey Goessel, 2015-10-01 Theatre Library Association's Wall Award Finalist Silent film superstar Douglas Fairbanks was an absolute charmer Irrepressibly vivacious he spent his life leaping over and into things from his early Broadway successes to his marriage to the great screen actress Mary Pickford to the way he made Hollywood his very own town The inventor of the swashbuckler he wasn't only an actor he all but directed and produced his movies and in founding United Artists with Pickford Charlie Chaplin and D W Griffith he challenged the studio system But listing his accomplishments is one thing and telling his story another Tracey Goessel has made the latter her life's work and with exclusive access to Fairbanks's love letters to Pickford she brilliantly illuminates how Fairbanks conquered not just the entertainment world but the heart of perhaps the most famous woman in the world at the time When Mary Pickford died she was an alcoholic self imprisoned in her mansion nearly alone and largely forgotten But she left behind a small box in it worn and refolded were her letters from Douglas Fairbanks Pickford and Fairbanks had ruled Hollywood as its first king and queen for a glorious decade But the letters began long before when they were both married to others when revealing the affair would have caused a great scandal Now these letters form the centerpiece of the first truly definitive biography of Hollywood's first king the man who did his own stunts and built his own studio and formed a company that allowed artists to distribute their own works outside the studio system But Goessel's research uncovered more that Fairbanks's first film appearance was two years earlier than had been assumed that his stories of how he got into theater and then into films were fabricated that the Pickford Fairbanks Studios had a specially constructed underground trench so that Fairbanks could jog in the nude that Fairbanks himself insisted racist references be removed from his films intertitles and the true cause of Fairbanks's death Fairbanks was the top male star of his generation the maker of some of the greatest films of his era *The Thief of Bagdad* *Robin Hood* *The Mark of Zorro* He was fun witty engaging creative athletic and a force to be reckoned with He shaped our idea of the Hollywood hero and Hollywood has never been the same since His story like his movies is full of passion bravado romance and desire Here at last is his definitive biography based on extensive and brand new research into every aspect of his career and written with fine understanding wit and verve **American Childhood** Todd Brewster, 2023-05-23 A remarkable collection of over 200

stunning photographs of children from the Civil War era to the present that captures the ever changing experience of childhood throughout American history Did Americans invent childhood Author Todd Brewster believes we did or at least childhood as a period of life cordoned off from that of full maturity covered with a veil of protection and subject to a program of nurture That s the inspiration behind this rich compelling volume of rarely seen historical images drawn from the photography collections at the Library of Congress The Metropolitan Museum of Art the New York Public Library and the Magnum Photo Agency as well as dozens of other archives flea markets and antique shops The result is a carefully curated paean to American youth 200 plus photos from all parts of American history joined by a series of deeply insightful essays on the topic of the American child American Childhood reveals American children of all types white Black gay straight poor middle class upper class in cities on farms at work at play lost in reverie posing for the camera or captured in their innocence as the lens gazes at them from afar Some of them would go on to fame A young Mark Twain is here So is a juvenile Thomas Edison Shirley Temple Lady Gaga Sammy Davis Jr Truman Capote and dozens of others Can you see the spark of genius in the life of a child Brewster thinks so Still most subjects here are unknown in many cases a photograph may be the only public trace they have left behind Both a powerful study of American childhood and a beautiful gallery of extraordinary photography American Childhood is a terrific addition to an under appreciated part of American history **American Originals** Geoffrey C. Fenster,2005-06-14 On the morning of February 12 1908 six cars from four different countries lined up in the swirling snow of Times Square surrounded by a frenzied crowd of 250 000 The seventeen men who started the New York to Paris auto race were an international roster of personalities a charismatic Norwegian outdoorsman a witty French count a pair of Italian sophisticates an aristocratic German army officer and a cranky mechanic from Buffalo New York President Theodore Roosevelt congratulated them by saying I like people who do something not the good safe man who stays

at home These men were doing something no man had ever done before and their journey would take them very far from home Their course was calculated at more than 21 000 miles across three continents and six countries It would cross over mountain ranges some as high as 10 000 feet and through Arctic freeze and desert heat from drifting snow to blowing sand Bridgeless rivers and seas of mud blocked the way while wolves bears and bandits stalked vast lonely expanses of the route And there were no gas stations no garages and no replacement parts available The automobile after all had been sold commercially for only fifteen years Many people along the route had never even seen one Among the heroes of the race were two men who ultimately transcended the others in tenacity skill and leadership Ober lieutenant Hans Koeppen a rising officer in the Prussian army led the German team in their canvas topped 40 horsepower Protos His amiable personality belied a core of sheer determination and by the race s end he had won the respect of even his toughest critics His counterpart on the U S team was George Schuster a blue collar mechanic and son of German immigrants who led the Americans in their lightweight 60 horsepower Thomas Flyer A born competitor Schuster joined the U S team as an undistinguished workman but he would battle Koeppen until the very end Ultimately the German and the American would be left alone in the race fighting the elements exhaustion and each other until the winning car s glorious entrance into Paris on July 30 1908 Lincoln s Birthday February 12 1908 The crowds gathering on Broadway all morning were not out to honor Abe Lincoln either They were on the avenue to catch sight of the start of the New York to Paris Automobile Race There would only be one one race round the world one start and one particular way that for the people who lived through it the world would never be the same The automobile was about to take it all on not just Broadway but the farthest reaches to which it could lead On that absurdity the auto was about to come of age By ten o clock reported the Tribune Broadway up to the northernmost reaches of Harlem looked as though everybody was expecting the circus to come to town The excitement was generated by the potential of the auto to overcome the three challenges most frustrating to the twentieth century distance nature and technology First distance in the form of twenty two thousand miles of the Northern Hemisphere from New York west to Paris Second nature in seasons at their most unyielding And third the very machinery itself which would be pressed hard by the race to defeat itself Barely twenty years old as a contraption and only ten as a practical conveyance the automobile couldn t reasonably be expected to be ready to take on the world But there were men who were ready and that was what mattered From Race of the Century American Heritage of Invention & Technology ,1988 The New York Times Book Review ,1980 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback **New York Times Saturday Book Review Supplement** ,1977 **Literary Market Place** ,2003 The directory of the American book publishing industry with industry yellow pages **Library Journal** ,1976
