Festus Emiri, Ernest Owusu-Dapaa

Richard K Neumann Book:

Brief-Writing Master Plan Chinua Asuzu, 2022-08-23 As much a sword as a shield Brief Writing Master Plan offers an unparalleled and unprecedented curriculum of written advocacy It s a sparkling alchemical blend of doctrine ethics and skills It recruits linguistics logic psychology rhetoric and semantics into the arsenal of learned advocacy It contains the rhetorical wisdom of ages pages and sages An advocate files a brief to persuade the judge to decide the lawsuit in favor of the advocate s client The keyword is persuade Too often advocates forget this and write to please themselves They address themselves instead of the court They write in chest thumping prose and style Advocates will do well to keep in mind that in advocacy all that counts is persuading the judiciary Hence Brief Writing Master Plan responds to the judicial wish list for advocates writing style and substance This book is a transformative resource with the potential to accelerate court proceedings by easing judicial burdens and caseloads A sober reflection on the advocate s duty to the court Brief Writing Master Plan encourages professional candor decency and honesty Writing as taught in this book will surely propel you to the top 1% of the global legal profession and secure your legacy Essentials of Lawyering Skills in Africa Festus Emiri, Ernest Owusu-Dapaa, 2020-07-01 In twenty two chapters divided into six parts for convenience the authors not only lay bare the art of lawyering but also provide invaluable nuggets of perfecting and excelling as a solicitor and advocate There is little doubt that the contents of this book dramatically make a lawyer especially the lawyer in Africa to be more effective more skilful and a proper lawyer useful to the client and society **Corporal Rhetoric** Barbara Schneider, 2021-08-03 Examines public discourse from the Progressive Era over the state s right to regulate women s bodies and their reproduction Drafting Contracts in Legal English Cynthia M. Adams, Peter K. Cramer, 2014-12-09 Written in a deliberate and concise manner devoid of United States colloquialisms Drafting Contracts in Legal English Cross border Agreements Governed by U S Law is designed for classroom use as well as self study Teaching a strategic approach and sequential steps to drafting contracts the text includes examples and exercises based on cross border agreements such as distribution agreements licensing franchises and equipment leases Special drafting issues in cross border agreements are also considered choice of language clauses choice of forum clauses indemnification provisions force majeure clauses counterpart clauses international alternative dispute resolution clauses and the choice to opt in or out of the CISG By providing appropriate explanations of United States law the text increases student comprehension as suggested drafting approaches are placed in legal context This unique guide discusses the purpose of and provides drafting tips for contract parts contract organization and formatting basic contract provisions letters of intent and the craft of reviewing and revising contracts End of chapter exercises test overall comprehension and apply drafting concepts presented in the chapter To increase the non native speakers lexical range vocabulary is derived from a statistical analysis of thousands of authentic contracts To help with contract sentence structures that are challenging for non native speakers syntax structures are based on comparison to databases with authentic

contracts A glossary of contract terms is based on frequency counts from thousands of authentic contracts and usage in text contextualized and cross referenced with most common collocations **Teaching Contract Drafting** Robin A.

Boyle-Laisure,2023-09-06 This comprehensive guide covers every stage of organising and teaching a course in contract drafting With extensive sample course materials it offers useful tips for building nuance creative thinking and experiential learning into contract drafting curricula *Recording for the Blind & Dyslexic, ... Catalog of Books* ,1996 **Uncommon**

Law of Learned Writing 2.0 Chinua Asuzu,2023-09-10 As lawyers we must not in hot pursuit of common law outrun common sense The dread of that eventuality prompted this book Uncommon Law of Learned Writing 2 0 promotes common sense in legal language Plain language which is commonsensical broadens access to legal documents thus democratizing the law If democracy is government of the people by the people and for the people law is the language in which government interacts with the people it s the language of democracy The people whose government speaks through law must understand what is said No democratic society should brook legalese a dense verbose dialect known only to lawyers What then should society do to redress the lawyer induced obscurity A Shakespearean character had an alarming proposal The first thing we do let s kill all the lawyers Apparently that proposal was not enthusiastically endorsed which explains why we re still here A milder remedy enrolling lawyers in language classes has been mooted which explains why this book is in your hands

Uncommon Law of Learned Writing 2 0 motivates lawyers to prefer plain language to the legalese and verbosity that have besmirched legal writing for centuries This book is as sweeping and authoritative a treatment of its subject as you can find anywhere *Professional Judgment for Lawyers* Randall Kiser,2023-07-01 Written by the leading authority on legal decision making Professional Judgment for Lawyers integrates empirical legal research cognitive and social psychology organizational behavior legal ethics and neuroscience to understand and improve decision making by attorneys clients judges arbitrators mediators and juries Leaving World War II Behind David Swanson,2020 This book documents the case that World War II

happened in such a different world that it has little relevance to today s foreign policy as well as the case that U S participation in WWII was not justifiable Specifically WWII was not fought to rescue anyone from persecution was not necessary for defense was the most damaging and destructive event yet to occur and would not have happened had any one of these factors been missing World War I the manner in which WWI was ended U S funding and arming of Nazis a U S arms race with Japan U S development of racial segregation U S development of eugenics U S development of genocide and ethnic cleansing or the U S and British prioritization of opposing the Soviet Union at all costs The author corrects numerous misconceptions about the most popular and misunderstood war in western culture in order to build a case for moving to a world beyond war *Gay Rights and American Law* Daniel R. Pinello,2003-06-09 Gay Rights and American Law investigates how American appellate courts dealt with the struggle for lesbian and gay civil rights during the last two decades of the twentieth century The study is grounded on an exhaustive database of both federal and state cases rendered between 1981

and 2000 and of the personal attributes of the judges who decided them as well as the ideological institutional and legal environments in which the decisions were situated The work both explains how diverse factors influenced the adjudication of civil rights claims during a vital era of the homosexual civil rights movement and formulates promising methodologies for the meaningful quantitative empirical study of law

Paving the Way Herma Hill Kay, 2021-04-13 The first wave of trailblazing female law professors and the stage they set for American democracy When it comes to breaking down barriers for women in the workplace Ruth Bader Ginsburg's name speaks volumes for itself but as she clarifies in the foreword to this long awaited book there are too many trailblazing names we do not know Herma Hill Kay former Dean of UC Berkeley School of Law and Ginsburg's closest professional colleague wrote *Paving the Way* to tell the stories of the first fourteen female law professors at ABA and AALS accredited law schools in the United States Kay who became the fifteenth such professor labored over the stories of these women in order to provide an essential history of their path for the more than 2 000 women working as law professors today and all of their feminist colleagues Because Herma Hill Kay who died in 2017 was able to obtain so much first hand information about the fourteen women who preceded her *Paving the Way* is filled with details quiet and loud of each of their lives and careers from their own perspectives Kay wraps each story in rich historical context lest we forget the extraordinarily difficult times in which these women lived *Paving the Way* is not just a collection of individual stories of remarkable women but also a well crafted interweaving of law and society during a historical period when women's voices were often not heard and sometimes actively muted The final chapter connects these first fourteen women to the second wave of women law professors who achieved tenure track appointments in the 1960s and 1970s carrying on the torch and analogous challenges This is a decidedly feminist project one that Justice Ruth Bader Ginsburg advocated for tirelessly and admired publicly in the years before her death

Learned Writing Chinua Asuzu, 2019-05-22 As lawyers we must not in hot pursuit of common law outrun common sense The dread of that eventuality prompted this book *Learned Writing* promotes common sense in legal language Plain language which is commonsensical broadens access to legal documents thus democratizing the law If democracy is government of the people by the people and for the people law is the language in which government interacts with the people it is the language of democracy The people whose government speaks through law must understand what is said No democratic society should brook legalese a dense verbose dialect known only to lawyers What then should society do to redress the lawyer induced obscurity A Shakespearean character had an alarming proposal The first thing we do let's kill all the lawyers Apparently that proposal was not enthusiastically endorsed which explains why we're still here A milder remedy enrolling lawyers in language classes has been muted which explains why this book is in your hands *Learned Writing* motivates lawyers to prefer plain language to the legalese and verbosity that have besmirched legal writing for centuries This book is as sweeping a treatment of its subject as you can find anywhere

New England Law Review: Volume 51, Number 1 - Winter 2017 New England Law Review, 2017-06-05 [American Book Publishing](#)

Record ,2006 Books in Print Supplement ,2002 *Teaching Lawyering Skills* Stefan H. Krieger,2024-05-02

Foregrounding the importance of schemata in learning *Teaching Lawyering Skills* presents an integrated approach to the overall pedagogical theory of law Stefan Krieger challenges the traditional stark dichotomy between doctrinal analysis and practice skills arguing that skills education requires development of strategic reasoning in practice How Leading Lawyers Think Randall Kiser,2011-08-14 In this book 78 leading attorneys in California and New York describe how they evaluate negotiate and resolve litigation cases Selected for their demonstrated skill in predicting trial outcomes and knowing when cases should be settled or taken to trial these attorneys identify the key factors in case evaluation and share successful strategies in pre trial discovery negotiation mediation and trials Integrating law and psychology the book shows how skilled attorneys mentally frame cases understand jurors perspectives develop persuasive themes and arguments and achieve exceptional results for clients Scalia Bruce Allen Murphy,2014-06-10 A deeply researched portrait of the controversial Supreme Court justice covers his career achievements his appointment in 1986 and his resolve to support agendas from an ethical rather than political perspective **Garner on Language and Writing** Bryan A. Garner,2009 Since the 1987 appearance of *A Dictionary of Modern Legal Usage* Bryan A Garner has proved to be a versatile and prolific writer on legal linguistic subjects This collection of his essays shows both profound scholarship and sharp wit The essays cover subjects as wide ranging as learning to write style persuasion contractual and legislative drafting grammar lexicography writing in law school writing in law practice judicial writing and all the literature relating to these diverse subjects **Legal Persuasion** Linda L. Berger,Kathryn M. Stanchi,2017-08-07 This book develops a central theme legal persuasion results from making and breaking mental connections This concept of making connections inspired the authors to take a rhetorical approach to the science of legal persuasion That singular approach resulted in the integration of research from cognitive science with classical and contemporary rhetorical theory and the application of these two disciplines to the real life practice of persuasion The combination of rhetorical analysis and cognitive science yields a new way of seeing and understanding legal persuasion one that promises theoretical and practical gains The work has three main functions First it brings together the leading models of persuasion from cognitive science and rhetorical theory blurring boundaries and leveraging connections between the often separate spheres of science and rhetoric Second it illustrates this persuasive synthesis by working through concrete examples of persuasion demonstrating how to apply this new approach to the taking apart and the putting together of effective legal arguments In this way the book demonstrates the advantages of a deeper and more nuanced understanding of persuasion Third the volume assesses and explains why how and when certain persuasive methods and techniques are more effective than others The book is designed to appeal to scholars in law rhetoric persuasion science and psychology to students learning the practice of law and to judges and practicing lawyers who engage in persuasion

Reviewing **Richard K Neumann Book**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing. Within the pages of "**Richard K Neumann Book**," an enthralling opus penned by a highly acclaimed wordsmith, readers attempt an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
