Mining North America John R. McNeill, George Vrtis, 2017-07-03 Over the past five hundred years North Americans have increasingly turned to mining to produce many of their basic social and cultural objects From cell phones to cars and roadways metal pots to wall tile and even talcum powder minerals products have become central to modern North American life As this process has unfolded mining has also indelibly shaped the natural world and North Americans relationship with it Mountains have been honeycombed rivers poisoned and forests leveled The effects of these environmental transformations have fallen unevenly across North American societies Mining North America examines these developments Drawing on the work of scholars from Mexico the United States and Canada this book explores how mining has shaped North America over the last half millennium It covers an array of minerals and geographies while seeking to draw mining into the core debates that animate North American environmental history generally Taken together the authors contributions make a powerful case for the centrality of mining in forging North American environments and societies Provided by publisher

Inner empire Daniel Maudlin, Alex Bremner, 2024-08-06 Inner Empire explores the impact of imperial cultures on the landscapes and urban environments of the British Isles from the sixteenth century through to the twentieth century It asserts that Britain s four hundred year entanglement with global empire left its mark upon the British Isles as much as it did the wider world Buildings stood as one of the most conspicuous manifestations of the myriad relationships that Britain maintained with the theory and practice of colonialism in its modern history Divided into two main sections the volume s content considers internal colonisation and its infrastructures of control order and suppression alongside wider relationships between architecture the imperial economy and cultural identity Taken together the essays in this volume present for the first time a coherent analysis of the British Isles as an imperial setting understood through its buildings spaces and infrastructure

Enthusiasms and Loyalties Keith Shepherd Grant, 2022-11-15 The Enlightenment Atlantic was awash in deep feelings People expressed the ardour of patriots the homesickness of migrants the fear of slave revolts the ecstasy of revivals the anger of mobs the grief of wartime the disorientation of refugees and the joys of victory Yet passions and affections were not merely private responses to the events of the period emotions were also central to the era s most consequential public events and even defined them In Enthusiasms

and Loyalties Keith Grant shows that British North Americans participated in a transatlantic swirl of debates over emotions as they attempted to cultivate and make sense of their own feelings in turbulent times Examining the emotional communities that overlapped in Cornwallis Township Nova Scotia between 1770 and 1850 Grant explores the diversity of public feelings from disaffected loyalists to passionate patriots and ecstatic revivalists He shows how certain emotions especially enthusiasm and loyalty could be embraced or weaponized by political and religious factions and how their use and meaning changed over time Feelings could be the glue that made loyalties stick or a solvent that weakened community bonds Taking a history of emotions approach Enthusiasms and Loyalties aims to recover and understand the wide range of political and religious emotions that were possible feelable in the Enlightenment Atlantic *Disenchanted Modernities* Tobias Haller, Samuel Weissman, 2024 Mega Infrastructure Projects MIPs represent a central element of globalized development MIPs like the Chinese driven Belt and Road Initiative BRI include large scale agrarian road rail port and energy networks They are complex ventures involving international capital and multiple stakeholders Disenchanted Modernities presents 16 case studies showing that the promise of a sustainable modern development by MIPs leave many local users disenchanted They don't profit from the MIPs but lose access to their resources often held in common The book describes the strategies of states and companies as well as local responses to MIPs in Asia Africa Americas and Europe *Ichtnology in Shallow-marine and Transitional Environments* C. Cónsole-Gonella, S. de Valais, I. Díaz-Martínez, P. Citton, M. Verde, D. McIlroy, 2023-06-06 The ichtnology of shallow marine to transitional environments is a key field of study with respect to understanding the variability of environmental parameters from inshore marginal marine settings to the offshore transition zone Over the last decades ichtnology has evolved from being a tool to determine bathymetry becoming the standard palaeoenvironmental methodology by which trace fossils can be used to inform sedimentary facies models In particular the analysis of mixed assemblages of invertebrate and vertebrate trace fossils allows detailed palaeoenvironmental and facies analysis This volume focuses on the ichtnological record of shallow marine to transitional environments through the geological record in addition to modern ones through neoichtnology
