Full Marks: 100

Read the text and answer the questions 1, 2 and 3:

On 14 December our class went on a field trip to The Liberation War Museum. The trip was planned as part of our Bangladesh Studies course. Our bus reached the museum at 10 a.m. A guide was waiting for us. He welcomed us warmly and took us on a quick tour of the different galleries and exhibits of the museum. There are six Galleries that exhibited rare photographs, documents, newspaper clippings and objects used by the freedom fighters and the martyrs of our liberation war. At Gallery 3, our teacher read out to the declaration of Independence by Bangabandhu Sheikh Mujibur Rahman. Some others visitors also stopped and listened to it attentively. As we went inside Gallery 6, we fell silent. We were sad as we looked at the personal belongings of some of our martyred intellectuals and freedom fighter - a pair of glasses, a pen, a note-book, a money-bag, a soiled shirt etc. and such other things. We left the museum at 12:30. Before that we watched a video film on our liberation war and our Independence. It was an experience we would never forget.

Izzo, Ralf Weiskirchen, 2022-12-05 **GAS WARS** Paranjy Guha Thakurta, Subir Ghosh, Jyotirmoy Chaudhuri, 2014-03-30 Prime minister of India Manmohan Singh has been accused of changing ministerial portfolios at the behest of the Reliance group There have been claims that the group deliberately squatted on reserves of natural gas and

curtailed production in anticipation of higher prices that are administered by the government to the detriment of the interests of the country's people. Spokespersons of the group deny these allegations and contend that gas output from the Krishna Godavari basin came down on account of unforeseen adverse geological surprises. Sections within the Indian government do not buy these arguments. The Comptroller and Auditor General of India has alleged among other things that the contract between the government and Reliance Industries Limited is deeply flawed thereby encouraging excessive capital expenditure and lowering potential benefits to the exchequer. With painstaking research, a meticulous perusal of press reports as well as a few surprising exclusives, *Gas Wars* highlights cases of crony capitalism that allowed the Reliance group to blatantly exploit loopholes which were consciously retained in the system to benefit it. The book points out how even when laws and policies appeared fair, rational and reasonable, the way in which these rules and procedures were framed and implemented by bureaucrats acting at the behest of their political masters exposed the deep nexus between business and politics in India. Even as *Gas Wars* tells the story of how a corporate conglomerate, in this case the country's largest, has benefited from the way government policies are structured, it lays bare the alarming facts of a natural disaster waiting to happen due to the ruthless exploitation of the country's natural resources in order to swell the fortunes of a few. The book also highlights the examples of those within the government establishment who have refused to be intimidated by the rich and the powerful and who have, against all odds, valiantly attempted to uphold the interests of the people of India.
