Manning,2000-12-25 Credit Card Nation is the first comprehensive look at an ongoing social and economic crisis America s escalating dependence on credit By locating consumer debt within the context of corporate and governmental debt      *Escape from the Dungeon* Major Jennifer M. Stephens,2006-03-12 This is a story of psychological terror brought on by the hands of my mother I am the second oldest of 16 children and the stories I am about to describe relays what it was like to live under the terror and reign of our mother The abuse started about 35 years ago in 1970 and who knew there would be 16 direct victims and many other people affected by her manipulations when all was said and done Hind sight is truly 20 20 and I think if things were handled differently with the 1987 felony child abuse charges in Waukesha County there wouldn t be this tale to tell today in 2005 There are two distinct time periods in this story the 17 years prior to 1987 and the 18 years after 1987 You will find parallels in both sections that I still can t believe today andI was part of the situation from the beginning and a catalyst for this coming to light What you will see is a very large break in the system but above all the master manipulation that would rival the greatest minds By manipulating her children the social workers the lawyers the prosecutors mom got off with nothing in 1987 when she was facing 18 counts of felony and misdemeanor child abuse charges 180 000 in fines and 30 years in prison Her ability to walk away from that without a scar only enabled her psychotic manipulating mind and that allowed mom to abuse again without fear for the next 18 years It is heartbreaking to live with the fact that these actions have been addressed in the past and she ended up inflicting the same thing on my brothers and sisters as soon as the Department of Social Services stepped out of the situation in the late 80 s      **The New York Times Index** ,2005      **Congressional Record** United States. The proverbial American dream of owning a home has become an all too real nightmare for a growing number of families The most vulnerable segments of our society including minorities the elderly and working families are being victimized by financiers who lure them into commitments they cannot fulfill Collectively known as predatory lending these practices include offering higher interest rates than can be justified by the risk high pre payment penalties that lock families into exploitative loans and monstrous balloon payments that often result in default and the loss of the home The net result can be disastrous damage to one's credit rating bankruptcy and even the loss of lifelong savings Why the Poor Pay More is an incisive exposure of these practices how they have evolved why they have become so prevalent in recent years and how their negative effects can be quantified It features in depth analysis from prominent scholars legal experts and community leaders who shed new light on the social political and economic consequences of predatory lending Why the Poor Pay More is much more than an indictment of these insidious discriminatory practices It is a call to arms for anyone concerned about how the financial political system can be corrupted to serve the needs of the wealthy Highlighting community initiatives already underway to combat predatory lending and an extensive listing of practical resources Why the Poor Pay More outlines active roles that individuals advocacy groups financial and legal service providers and policymakers can play in reversing this destructive trend **Profit Without Honor** Stephen M.
