There are two major ideologies at play in our country right now and they are diametrically opposed Conservatism is minimalism and personal Liberalism is expansive and group think Conservatism is about small government controlled by the governed and personal responsibility Liberalism is about expanding government and the government acting as caregiver and lack of personal responsibility victimhood In this work I examine the major issues of the day and contrast the two ideologies using logic and sound thinking to come to a reasonable conclusion The issues include Are gays born that way or is it a choice Since Darwin s theory is still theory why does all of science rest on it Regarding our universe is it only Darwin or creationism Is popular science scientific Gun control or self defense Why does the Supreme Court rule the way it does The NEA who s the priority students or teachers The ACLU protector or protagonist Do we still need affirmative action Do Liberals live in their own alternate universe Are Black leaders stuck in the past What about the Tea Party Movement What is the military s place in modern life Are America s best days in the past These and other questions are examined in A Conservative Writes about

Damn Near Everything I stopped writing so I wouldn't have to delete Damn Near I assume you're at least as smart as I am and are looking for more information I believe I've delivered Let's continue the conversation so we can figure the best way to return our country to its rightful place as preeminent among nations That's the brilliance and prescience of our founders our inheritance and as proud Americans our work order We gave those with a different view an opportunity to show us their brighter tomorrow What we got was potted meat for filet mignon The experiment failed Let's scrap it and get back to what works so we can get back to work Let those who think profit is a four letter word get rid of theirs we'll keep ours and expand it That's what Conservatism does Viva la difference
