Páginas Amarillas, 2014-08-05. Directorio Telefónico de Guatemala Metropolitano Edición 2014. Latin American Social Work in the Justice System Claudia Reyes-Quilodrán, Rajendra Baikady, 2023-06-28. Social work has long been working directly with the criminal and civil courts of the justice system. The work of Latin American practitioners in the legal system, however, is little known at global and local levels. This book is the first to go beyond Western centric appraisals and presents a truly Latin American portrait of social work in the justice system. The long term interaction of social work practitioners with the judicial system enabled them to develop an expertise to dialogue with other disciplines such as law and psychology. This knowledge is very important to identify and share with other professionals to develop specialized programs for education and training. In this sense, positive and negative experiences of social work in the justice system allow one to improve its practice. It is crucial to identify local experiences and the great dilemmas that the profession faces on this subject. The volume's chapters deal with these dynamics in Latin American countries including Forensic Social Work, The construction of possible ways of the criminal intervention, Socio Legal Social Work in the Field of Criminal Defense, Family and Community Life Contributions of Social Work to the Debate in Family Courts, Support to Victims in High conflict Scenarios, An approach from the socio legal, the pedagogical and the care perspectives, The Assessment of Child and Adolescent Sexual Abuse Allegations from a Social Work Perspective. Latin American Social Work in the Justice System is essential reading for students, researchers, academicians, policymakers and practitioners who are interested in international social work with a special focus on Latin American countries and legal culture. Students and scholars in law development studies and public policy as well as psychologists working with and interested in the judicial system would also find this book a useful resource.

En casi todos los países el fin del conflicto político no necesariamente ha significado el fin de la violencia aunque se han iniciado procesos institucionales para tramitar el pasado cuya incidencia depende de las fuerzas políticas internas de cada país así como de los contextos internacionales. Los casos ilustran la complejidad de los desafíos profesionales redefiniendo las modalidades de trabajo desde enfoques y conceptualizaciones a partir de las necesidades de las víctimas   **Influence of Lifestyle Factors in the Management of Diabetes Mellitus** Gaetano Santulli,Celestino Sardù,Nunzia D'Onofrio,2023-09-07   **Indicadores de desempeño en la persecución del delito de operaciones con recursos de procedencia ilícita** Ricardo Gluyas Millán,2022-05-13 Las operaciones con recursos de procedencia ilícita ORPI se han convertido en un delito de crecimiento a gran escala en los últimos años lo anterior debido al desarrollo de la economía y las nuevas tecnologías a nivel global lo que ha facilitado la movilización de capital de origen ilegal. En esta obra Ricardo Gluyas Millán analiza los indicadores de medida correspondientes a la eficacia y eficiencia en la persecución del delito de ORPI. A partir de un estudio cualitativo y cuantitativo el autor plantea la necesidad de mejorar los indicadores ya existentes y construir otros con el fin de evitar sesgos tener un mayor entendimiento de este fenómeno delictivo configurar un enfoque más crítico y generar estrategias en la persecución de este delito incluyendo sus productos. Como primer acercamiento el autor realiza un estudio conceptual de la eficacia y eficiencia a nivel administrativo y penal posteriormente contextualiza la persecución penal y las medidas implementadas en torno a este delito y finalmente analiza los datos de libre acceso y los asociados a las etapas del proceso penal   Nuevos paradigmas de la democracia en un mundo en transformación , La democracia y la gobernanza como sistema político y social se encuentra en un punto de inflexión. Los desafíos globales del siglo XXI que incluyen la revolución tecnológica la creciente desigualdad económica la polarización política las crisis migratorias el cambio climático la nueva gestión pública y las pandemias están poniendo a prueba los cimientos de las democracias liberales en todo el mundo.
