Staying Young Simple Techniques To Look And Feel Young:

Secrets of How to Look and Feel Younger for the Infinite Being Clinton Fong, 2010-02-03 If you've ever wondered if looking and feeling younger was actually possible and not just living the pretense of youth with cosmetics, face creams, herbal remedies or the like, then this book will take you on a journey of exploration, self-discovery, and to what you know could be a possibility for you and your body. This book takes you out of human reality to meet you, the infinite being, where the possibilities of magic exist. When we define ourselves as human, we limit ourselves with the definitions of what a human is. When we allow ourselves to be infinite, we allow greater possibilities to show up for us. When we're truly being us, we change our world into a playground of magical possibilities. This book is aimed at increasing the awareness of you with the awareness of your body and with the life you live. Looking and feeling younger is a byproduct of being more conscious, more aware, being truly orgasmically happy and joyful with you, your body, your life, and your environment. *How to Stay Young and Fit No Matter How Old You Get: Anti-Aging Secrets* Sharon J. The Body Knows... How to Stay Young Caroline Sutherland, 2008-07-01 Is it possible to actually slow down the aging process? Health educator and medical intuitive Caroline Sutherland says yes, and when you look at this vital, energetic woman who's in her mid 60s, you can tell she has a few secrets that are worth sharing. This is a book that certainly comes along at the right time. With much of the population moving into retirement age and billions of dollars being spent annually on vitamins and anti-aging therapies, men and women are eagerly seeking healthy approaches during their later years. Men and women are often wary about what might befall them as the numbers tick away. Fortunately, Caroline has answers for the chronic degenerative breakdown that leads to mobility issues, decrease in hearing and vision, osteoporosis, and arthritis, not to mention memory loss. With her expert wisdom and sparkling sense of humor, Caroline covers the four components of a vibrant aging program, showing in the process that the body has a phenomenal capacity to repair. *The Seeker* Pamela DuMond, USA Today Best author featured on ABC 20/20 brings you the third book in Madeline and Samuel's adventures in *Mortal Beloved*.
