

Tip and Suggestions

Constructed Response Questions: Short answer questions following the reading.

For the short answer questions on the DCA, it is important that you answer the question completely.

- If the question asks "How are religious beliefs a major part of our identities," begin the question "Religious beliefs are a major part of our identities..."
- If it asks for "details" make sure that you give details from the reading to support your answer. That means more than one detail is required.
- They are going to be specific with what they ask, you must be specific with your answer.
- The questions will get a 0, 1, or a 2 score. Answer them fully and completely.
- If you need an example of a 0, 1, or 2, visit <http://www.doe.tx.gov/assessment/hsd-caer/cr-answerswithscore>

Reading: Multiple Choice Items

- Read the questions before you read the passages, so you know the answer/question you are trying to find. Read carefully. Do not get lazy.
- The last 4-5 questions will typically be grammar questions. If you are running low on time, skip to that section and get it done first. Those questions will not likely take as long as the reading questions.
- Trust your instincts! Generally, the answer you think is probably right is probably right. Trust your judgment.
- If you do not know an answer, see if you can eliminate at least one or two of the possibilities before guessing. The more answers you can eliminate, the greater chance you have at guessing correctly.
- If you do not know what one of the answer choices means, do not select it unless you know for sure you have eliminated other answers and there is a 50/50 shot it might be the right one.
- Read the question before you look at the answers.
 - Come up with the answer in your head before looking at the possible answers, this way the choices given on the test won't throw you off or trick you.
- Read all of the answer choices before selecting an answer. They will put distractor choices in there to throw you off.
