

# INTEGRATED Math 1

Common Core State Standards

# High School

Algebraic Expressions, Writing Equations, Solving Inequalities, Functions, Arithmetic Sequences, Systems of Equations, and More!

## ALGEBRAIC EXPRESSIONS & PROPERTIES A.SSE.1.A-D.2

A **variable** is a symbol that is used to represent an unknown quantity. An **algebraic expression** is a mathematical expression that contains one or more variables, one or more numbers, and one or more arithmetic operations.

**EX:**  $x$   
 $5 - 8$   
 $4x + 2y = 7$   
 $3x^2 - 7x - 1$

### Order of Operations

The order of operations is a set of rules that determine which operations to perform first when evaluating a numerical expression.

1. Evaluate within grouping symbols.
2. Evaluate all powers.
3. Multiply and divide from left to right.
4. Add and subtract from left to right.

### Properties of Real Numbers

For real numbers  $a$ ,  $b$ , and  $c$ , the following properties are true.

Property	Expression
Commutative Property of Addition	$a + b = b + a$
Commutative Property of Multiplication	$a \cdot b = b \cdot a$
Associative Property of Addition	$a + (b + c) = (a + b) + c$
Associative Property of Multiplication	$a \cdot (b \cdot c) = (a \cdot b) \cdot c$

Distributive Property	$a \cdot (b + c) = a \cdot b + a \cdot c$
Additive Identity Property	$a + 0 = a$
Additive Inverse Property	$a + (-a) = 0$
Multiplicative Inverse Property	$a \cdot \left(\frac{1}{a}\right) = 1, a \neq 0$
Multiplicative Property of Zero	$a \cdot 0 = 0$

### Parts of an Expression

A **term** is a number, variable, or the product of numbers and variables in an expression. Like terms are terms that have the same variables raised to the same powers. Two quantities that are being multiplied in an expression are called **factors**. The coefficient of a term is the numerical part of the term. A term that consists of a number and no variables is called a **constant**.

## REASONING WITH QUANTITIES A.OA.A-D.3

The units of a quantity can help you understand and solve multi-step problems.

### Dimensional Analysis

**Dimensional analysis** is the process of using conversion factors to change from one set of units to another set of units.

**EX:** Janie jogged 495 feet in 45 seconds. What was her speed in miles per hour?

Write the given information as a ratio. Then use appropriate conversion factors to change units.

$$\frac{495 \cancel{ft}}{45 \cancel{s}} \cdot \frac{1 \cancel{mi}}{5280 \cancel{ft}} \cdot \frac{1 \text{ hr}}{3600 \cancel{s}} = \frac{1 \text{ mi}}{480 \cancel{s}}$$

Convert from feet to miles.

$$\frac{1 \cancel{mi}}{480 \cancel{s}} \cdot \frac{60 \cancel{min}}{1 \cancel{min}} \cdot \frac{1 \text{ hr}}{60 \cancel{min}} = \frac{1 \text{ hr}}{480 \cancel{s}}$$

Convert from seconds to minutes.

$$\frac{1 \text{ mi}}{8 \cancel{min}} \cdot \frac{60 \cancel{min}}{1 \cancel{hr}} = \frac{7.5 \text{ mi}}{1 \text{ hr}}$$

Convert from minutes to hours.

Janie's speed was 7.5 miles per hour.

### Modeling with Appropriate Units

When modeling with quantities, it is important to choose appropriate units.

**EX:** Suppose a tourist buys a map of Florida while on vacation. What might the scale of the map be? What units would represent the actual distance between cities?

The map is a small-scale drawing of the state. Distances on the map will be very small compared to the actual distances between cities. A scale for the map might be 1 cm = 250 km or 2 in. = 175 mi. The distances between the actual cities would be measured in miles or kilometers.

### Accuracy & Precision

**Accuracy** describes how close a measured value is to the actual value.

**EX:** Thomas is 5 feet 10.25 inches tall. A measurement of 5 feet 10 inches is more accurate than a measurement of 6 feet when describing his height.

**Precision** describes the exactness of a measurement and is dependent on the unit of measure. The **precision unit** is the smallest unit on the tool being used to measure. As the units of measurement get smaller, the measurement gets more precise.

**EX:** A ruler that measures in millimeters is more precise than a ruler that measures in centimeters.

**EX:** For a scale that gives weight in pounds and ounces, the precision unit is ounces.

## WRITING EQUATIONS A.CE.1.A-C.3

An **equation** is a number sentence that states that two quantities are equal to each other. The verbal expressions **equals**, **is**, **is equal to**, and **is the same as** indicate an equation.

Verbal Expression	Equation
The sum of a number and 5 is equal to 12.	$n + 5 = 12$
Frank separated his DVDs into 4 equal stacks of 15 each.	$d \div 4 = 15$

### Modeling with Equations

Equations can be used to model real-world situations and solve problems.

**EX:** Reggie's little sister is 3 years younger than him. The sum of their ages is 27 years. How old is Reggie?

- Define a variable.
- Let  $r$  represent Reggie's age.
- Translate the verbal description into an equation.

Reggie's age:  $r$   
 Reggie's sister's age:  $r - 3$   
 Sum of their ages:  $r + (r - 3)$   
 Because the sum of their ages is 27 years, the equation  $r + (r - 3) = 27$  models the situation.

You can verify that the solution to the equation is  $r = 15$ . So, Reggie is 15 years old. In the next section, you will learn several methods for solving equations.

## SOLVING EQUATIONS A.OE.1.A-D.3

You can use the following properties of equality to solve equations.

- **Addition Property of Equality:** If you add the same number to both sides of an equation, the two sides remain equal.
- **Subtraction Property of Equality:** If you subtract the same number from both sides of an equation, the two sides remain equal.
- **Multiplication Property of Equality:** If you multiply both sides of an equation by the same nonzero number, the two sides remain equal.
- **Division Property of Equality:** If you divide both sides of an equation by the same nonzero number, the two sides remain equal.

### Solving Multi-step Equations

Equations that have multiple operations and more complicated expressions are called **multi-step equations**. To solve these types of equations, simplify both sides as much as you can and use the properties you have learned to undo the operations.

**EX:** A coin-operated car wash costs \$2.75 plus \$0.50 per minute of use. Sharmia spent \$7.75 using the car wash. Solve the equation  $1.75 + 0.5m = 7.75$  to find the number of minutes,  $m$ , that she used the car wash.

$$1.75 + 0.5m = 7.75$$

$$1.75 - 1.75 + 0.5m = 7.75 - 1.75$$

$$0.5m = 6$$

$$2(0.5m) = 2(6)$$

$$m = 12$$

Sharmia used the car wash for 12 minutes.

Original equation  
 Subtract 1.75 from each side.  
 Simplify.  
 Multiply each side by 2.  
 Simplify.

### Math Practice 3: Construct viable arguments and critique the reasoning of others.

Each time you apply a property of real numbers or a property of equality to transform an equation, you can justify that both sides of the equation are still equal. As you solve equations, think about which property allows you to transform it into an equivalent form.

# Study Guide For Math Common Core

**Great Minds**

## **Study Guide For Math Common Core:**

**Eureka Math Curriculum Study Guide** Common Core,2015-03-23 Eureka Math is a comprehensive content rich PreK 12 curriculum that follows the focus and coherence of the Common Core State Standards in Mathematics CCSSM and carefully sequences the mathematical progressions into expertly crafted instructional modules The companion Study Guides to Eureka Math gather the key components of the curriculum for each grade into a single location unpacking the standards in detail so that both users and non users of Eureka Math can benefit equally from the content presented Each of the Eureka Math Curriculum Study Guides includes narratives that provide educators with an overview of what students should be learning throughout the year information on alignment to the instructional shifts and the standards design of curricular components approaches to differentiated instruction and descriptions of mathematical models The Study Guides can serve as either a self study professional development resource or as the basis for a deep group study of the standards for a particular grade For teachers who are new to the classroom or the standards the Study Guides introduce them not only to Eureka Math but also to the content of the grade level in a way they will find manageable and useful Teachers familiar with the Eureka Math curriculum will also find this resource valuable as it allows for a meaningful study of the grade level content in a way that highlights the coherence between modules and topics The Study Guides allow teachers to obtain a firm grasp on what it is that students should master during the year The Eureka Math Curriculum Study Guide Grade 2 provides an overview of all of the Grade 2 modules including Sums and Differences to 20 Addition and Subtraction of Length Units Place Value Counting and Comparison of Numbers to 1 000 Addition and Subtraction Within 200 with Word Problems to 100 Addition and Subtraction Within 1 000 with Word Problems to 100 Foundations of Multiplication and Division Problem Solving with Length Money and Data and Time Shapes and Fractions as Equal Parts of Shapes [Eureka Math Grade 3 Study Guide](#) Great Minds,2015-11-09 Eureka Math is a comprehensive content rich PreK 12 curriculum that follows the focus and coherence of the Common Core State Standards in Mathematics CCSSM and carefully sequences the mathematical progressions into expertly crafted instructional modules The companion Study Guides to Eureka Math gather the key components of the curriculum for each grade into a single location unpacking the standards in detail so that both users and non users of Eureka Math can benefit equally from the content presented Each of the Eureka Math Curriculum Study Guides includes narratives that provide educators with an overview of what students should be learning throughout the year information on alignment to the instructional shifts and the standards design of curricular components approaches to differentiated instruction and descriptions of mathematical models The Study Guides can serve as either a self study professional development resource or as the basis for a deep group study of the standards for a particular grade For teachers who are new to the classroom or the standards the Study Guides introduce them not only to Eureka Math but also to the content of the grade level in a way they will find manageable and useful Teachers familiar with the Eureka Math curriculum will also find this resource valuable as it

allows for a meaningful study of the grade level content in a way that highlights the coherence between modules and topics The Study Guides allow teachers to obtain a firm grasp on what it is that students should master during the year The Eureka Math Curriculum Study Guide Grade 3 provides an overview of all of the Grade 3 modules including Properties of Multiplication and Division and Solving Problems with Units of 2 5 and 10 Place Value and Problem Solving with Units of Measure Multiplication and Division with Units of 0 1 6 9 and Multiples of 10 Multiplication and Area Fractions as Numbers on the Number Line and Collecting and Displaying Data [A Leader's Guide to Mathematics Curriculum Topic Study](#) Page Keeley, Cheryl Rose Tobey, Catherine E. The Engaging World of Kindle Books: A Thorough Guide Unveiling the Pros of Kindle Books: A Realm of Convenience and Versatility E-book books, with their inherent mobility and simplicity of access, have freed readers from the constraints of physical books. Gone are the days of lugging bulky novels or meticulously searching for particular titles in bookstores. E-book devices, stylish and lightweight, seamlessly store an extensive library of books, allowing readers to immerse in their preferred reads whenever, anywhere. Whether traveling on a bustling train, relaxing on a sun-kissed beach, or just cozying up in bed, Kindle books provide an unparalleled level of ease. A Reading Universe Unfolded: Discovering the Wide Array of E-book Study Guide For Math Common Core Study Guide For Math Common Core The Kindle Store, a virtual treasure trove of bookish gems, boasts an extensive collection of books spanning varied genres, catering to every readers preference and preference. From captivating fiction and mind-stimulating non-fiction to timeless classics and contemporary bestsellers, the Kindle Shop offers an exceptional variety of titles to explore. Whether seeking escape through immersive tales of imagination and adventure, delving into the depths of historical narratives, or expanding ones understanding with insightful works of science and philosophical, the E-book Store provides a doorway to a bookish universe brimming with limitless possibilities. A Revolutionary Force in the Literary Scene: The Persistent Impact of Kindle Books Study Guide For Math Common Core The advent of E-book books has undoubtedly reshaped the bookish scene, introducing a model shift in the way books are published, disseminated, and consumed. Traditional publication houses have embraced the digital revolution, adapting their strategies to accommodate the growing demand for e-books. This has led to a surge in the availability of E-book titles, ensuring that readers have entry to a wide array of literary works at their fingertips. Moreover, Kindle books have democratized entry to literature, breaking down geographical barriers and offering readers worldwide with similar opportunities to engage with the written word. Regardless of their location or socioeconomic background, individuals can now immerse themselves in the intriguing world of books, fostering a global community of readers. Conclusion: Embracing the E-book Experience Study Guide For Math Common Core Kindle books Study Guide For Math Common Core, with their inherent ease, versatility, and vast array of titles, have unquestionably transformed the way we experience literature. They offer readers the freedom to explore the limitless realm of written expression, whenever, everywhere. As we continue to travel the ever-evolving digital landscape, E-book books stand as testament to the enduring power of storytelling, ensuring that the joy of reading remains reachable to all.

### **Study Guide For Math Common Core Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Study Guide For Math Common Core has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Study Guide For Math Common Core has opened up a world of possibilities. Downloading Study Guide For Math Common Core provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a

button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Study Guide For Math Common Core has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Study Guide For Math Common Core. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Study Guide For Math Common Core. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Study Guide For Math Common Core, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Study Guide For Math Common Core has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About Study Guide For Math Common Core Books

**What is a Study Guide For Math Common Core PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Study Guide For Math Common Core PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF

file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Study Guide For Math Common Core PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Study Guide For Math Common Core PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Study Guide For Math Common Core PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
