

## Unit 2: American Revolution (1767-1781)

- To pay off the debt from the French and Indian War, the British decided to tax the colonists
  - Stamp Act - all paper products taxed (newspapers, books, stamps, diplomas)
  - Sugar Act - taxed sugar and molasses
  - Tea Act - taxed tea. Led to the Boston Tea Party where colonists dumped tea into the Boston harbor as an act of rebellion
  - Townshend Acts - taxed glass, iron, paint. Led to the Boston Massacre, fight between colonists and British soldiers. Five colonists were killed. Paul Revere stir it up
  - Quartering Act - required colonists to house and feed British soldiers
- Colonists felt these taxes were unfair because they had no one to represent them in the British Parliament (Government): "No Taxation without Representation"
- Decisions for Independence
  - Thomas Paine's Common Sense - pamphlet that encouraged colonists to break away from Britain and declare independence
  - Declaration of Independence - written by Thomas Jefferson, outlines reasons for independence: all humans have natural rights: "life, liberty, and the pursuit of happiness," the government gets its power from the people: "consent of the governed"

## Unit 3: The Constitution (1787-93)

- After the American Revolution, leaders of the new United States decided to set up a weak government because they feared a government that was too strong
  - Articles of Confederation = 1774 - 1781, no power to collect taxes, states had too much power (Shay's Rebellion highlighted weakness)
  - Northwest Ordinance of 1787: set rules for how new states would be added
- Constitution: convention meeting where new government was written = CONSTITUTION
  - Three branches of government: executive (enforce laws), legislative (make laws), judicial (review laws) = separation of powers, checks and balances
  - Elastic Clause: the Constitution is adaptable ("necessary and proper")
  - Federalists: strong powers that state government has and powers the federal government has
  - The Great Compromise: bicameral legislature (two houses in Congress) created. House of Representatives is proportional representation and Senate is equal representation
  - 3-Compromise: South and North disagreed over counting slaves towards population. Compromise was that 3 out of every 5 slaves would be counted
- Federalists vs. Anti-Federalists
  - Federalists: strong federal govt, supported ratification of Constitution, wrote Federalist Papers
  - Anti-Federalists: weak federal govt, strong state government, supported Bill of Rights, wrote the Anti-Federalist Papers

Neoliberalizing Educational Reform Keith M. Sturges, 2015-02-27 In this era when commonsense in educational discourse is so deeply framed by neoliberalism we must better understand both the uniquely situated and the insidiously interconnected nature of so called reforms Thank you to Keith M Sturges and colleagues for illuminating exactly this in their important and hard hitting new book that reveals not merely how neoliberal reforms are designed to reinforce inequity but also how the contradictions within provide ample opportunity to collectivize and act with hope Kevin Kumashiro author of *Bad Teacher How Blaming Teachers Distorts the Bigger Picture* In this important volume editor Keith M Sturges has taken the most useful discussions of neoliberalism and with great precision clarity and utility seen them applied to the education arena Over 13 chapters leading education thinkers lay bare sets of realities that the broader public school administrators and policy makers would do well to fully understand These range from the impact of neoliberal thinking upon chartering parent involvement teacher training school climate funding and more I ll be using the chapters in this text in a variety of ways They ll inform conversations with local state and federal policy makers and inform conversations with school leaders and district leaders I ll also be assigning the text in my graduate seminar on education policy Finally the chapters will inform several lectures in my undergraduate class on *The Promise and Peril of Public Education* What a gem of a volume Kevin Michael Foster Executive Director The Institute for Community University and School Partnerships ICUSP *More Like Life Itself* Cory Wright-Maley, 2018-10-01 John Dewey wrote in multiple places that education should be an experience of the content and processes of life itself Too often social studies is taught in a way that tells students about real life but fails to engage them in the process of life for which Dewey advocated The core purpose of simulations is to reflect the processes events and phenomena expressed in a variety of real life domains They engage students in these reflections of real life meaningfully as active agents who have the power to make decisions that impact the direction of events and that lead to both intended and unintended consequences Because of the nature of simulations students who participate in them are able to build their

capacities to think in complex and critical ways Today despite the growing evidence that simulations have an important role to play in the teaching of social studies they remain an underutilized and undervalued approach to the discipline One of the key obstacles to their widespread adoption is the limited availability of training resources available to social studies teachers Teachers need support to develop a new vision of social studies teaching and learning coupled with practical guidance necessary to implement simulations effectively This volume provides teachers with both When teachers are able to weave simulations effectively into the fabric of social studies teaching and learning they help to promote social studies experiences that are both powerful and purposeful They offer students an experience of the discipline that is indeed More Like Life Itself
