The Amulet Manual:

The Amulet Manual Kim Farnell, 2007 From the earliest days of prehistory people have protected themselves with the use of amulet objects imbued with mysterious and magical powers Prayers offerings and sacrifices were offered to the good spirits to grant blessings amulets stopped the evil spirits from taking them away Worn on the body usually around the neck they provided health luck fertility power success and almost any other need When carrying an inscription maybe pieces of parchment with scripture quotes they can be called charms Over the years they have come and gone in fashion but their purpose endures and they are again increasing in popularity Why not wear something attractive that has significance for you That maybe you have made yourself They need not be difficult to make This book supplies all the information you need to make your own *Jamgon Kongtrul's Retreat Manual* Jamgon Kongtrul Lodro Taye, 1990-01-01 The Kagyu and Nyingma traditions of Himalayan tantric Buddhism require a long period of intensive training in meditation a three year three month retreat before a practitioner is considered to be a qualified teacher Jamgon Kongtrul's Retreat Manual was written in the mid nineteenth century for those who wish to embark on this rigorous training It guides them in preparing for retreat provides full details of the program of meditation and offers advice for their re entry into the world Jamgon Kongtrul's Retreat Manual also introduces us to one of the towering figures of nineteenth century Tibet Jamgon Kongtrul the Great 1813-99 The three year retreat center he describes in this book was his creation and its program consisted of those practices Kongtrul treasured enough to pass on to future generations through the spiritual leaders he trained **The Wiccan Minister's Manual, a Guide for Priests and Priestesses** Kevin M. Gardner, 2008-07-10 The Wiccan Minister's Manual A Guide For Priests and Priestesses was inspired as a training aid for those who would like to become Wiccan Ministers as well as an aid for Wiccan Pagan Priests and Priestesses The Craft is evolving becoming more and more accepted by society and there is beginning to be a definite distinction between Wiccan Laity and Wiccan Clergy Part One Guidance Making the spiritual connection to personal deity through love prayer meditation ritual and myth and how to guide others to create their own personal connections Part Two Wiccan religious philosophy and guidance How to live a spiritual life in the modern world Part Three various methods of healing mind body and spirit Including some legal pitfalls to avoid plus chapter eleven presents an extensive discourse on Pastoral Counseling Part Four deals with psychic self defense and rituals of protection Including House Clearings Banishings and Exorcism Additionally the author explains what to look for and what to look out for while determining if an exorcism is really needed or if the client is suffering from psychosis and is in need of a professional therapist Part Five focuses upon the spiritual support roles It covers dealing with death and dying Funerals Prison Ministry Legal requirements of doing Handfastings in all 50 states plus a discourse on whether or not to incorporate This work begins to fill yet another gap in this area of the Wiccan religious structure as it brings back much of the older knowledge and philosophy that seems to be waning from the collective Wiccan memory Reviewed by Edain McCoy Kevin I received my copy

amulets changed in an increasingly Christian context It considers how the formulation of incantations and amulets changed as the Christian church became the prevailing religious institution in Egypt in the last centuries of the Roman empire Theodore de Bruyn investigates what we can learn from incantations and amulets containing Christian elements about the cultural and social location of the people who wrote them He shows how incantations and amulets were indebted to rituals or ritualizing behaviour of Christians This study analyzes different types of amulets and the ways in which they incorporate Christian elements By comparing the formulation and writing of individual amulets that are similar to one another one can observe differences in the culture of the scribes of these materials It argues for conditioned individuality in the production of amulets On the one hand amulets manifest qualities that reflect the training and culture of the individual writer On the other hand amulets reveal that individual writers were shaped whether consciously or inadvertently by the resources they drew upon by what is called tradition in the field of religious studies
