Winning Fantasy Baseball :

The Perfect Game Larry Bodin, Dan Ostas, 2013-03 Fantasy baseball offers a game of strategy knowledge and organizational skill played by millions of people. The Owner of a fantasy baseball team emulates the General Manager of a Major League MLB team. Fantasy Owners select MLB players for their rosters, add and release players and make trades with other Owners in their league. In other words, the Owner is the Boss of the team. **The Perfect Game: A Guide to Winning Fantasy Baseball** provides a guide to many of the key aspects of playing and winning fantasy baseball. Part I presents the basic issues of organizing a league, including the various scoring options, roster makeups and performance categories that can be used. Part II examines data sources and statistics such as the Average Draft Position, Estimated Auction Price and Marginal Value of a Player that an Owner can use in preparing for their draft or auction. Part III presents time-tested strategies for selecting a team. These include the Colton and Wolf SMART strategy, the Bennett 6S strategy, the Christian BC strategy, the Sweeney Gambit and the bagging or punting of one or two categories. Part IV examines the issues of managing a team during the season, including a detailed discussion of the Free Agent Acquisition Budget (FAAB) strategies for making trades and the ethics of fantasy baseball. As Glenn Colton wrote in the Foreword to this book, **The Perfect Game: A Guide to Winning Fantasy Baseball** should be on all fantasy sports players' bookshelves or in this day and age on their laptops and/or smartphones. Regardless of whether you are a beginner or a seasoned veteran, this book has something for you. [The Winner's Guide to Fantasy Baseball](#) Chris Lee, 2005-02-25 The **Winners Guide in Fantasy Baseball** is the most comprehensive guide on the market to one of America's favorite hobbies. Where are the best websites to find fantasy baseball information? Which pre-season publications are worth your dollar? What should you look for in evaluating major and minor league players? How do you value players for your league and adjust for draft inflation? How should you react when your league's draft isn't going your way? The **Winners Guide to Fantasy Baseball** not only tackles these issues but walks you through the hows and whys of each so that owners learn to think for themselves. If winning a league title is your ultimate goal, this book will help get you there.

[Chasing Baseball](#) Dorothy Seymour Mills, 2010-03-08 For more than five decades, pioneering researcher Dorothy Seymour Mills has studied and written about baseball's past. With this groundbreaking book, she turns her attention to the historians, stat hounds and many thousands of not-so-casual fans whose fascination with the game and its history like her own defies easy explanation. As Mills demonstrates, baseball elicits a passion and inspires a slightly off-kilter, obsessive behavior that is only slightly less interesting than the people who indulge it. **Winning Fantasy Baseball** Larry Schechter, 2014 Play smart.
