Wind Chimes The Simplicity Of Being:

Wind Chimes James R. Heldwein,2014-11-10 In all of nature humankind alone seems to have a virtual monopoly on psychological suffering This does not need to be for as written centuries ago in the great and timeless wisdom of the ancient scriptures the time has come to know the Truth that shall set you free Wind Chimes is an encapsulation of this wisdom giving the reader a sound basis for their own further spiritual search It is intended to simply guide you directly towards your own realization of the absolute Truth of Being of your Being no matter who you are This deep truth is not something to be attained but has always been within you It is through this realization that freedom true and lasting freedom can finally be known on a direct experiential level This knowing will lead you to a deep sense of inner peace and an effective stress free way of living A true Simplicity of Being In the words of an old saying If not NOW when An Invitation to Peace James R. Heldwein,2016-10-11 To the mind true spirituality seems a contradiction in terms a paradox Peace that elusive quality universally sought is that which you always already Are You are being invited to sense know and experience yourself as This It is paradoxical to be invited to that which one already Is The invitation is to allure the mind and at the same time to break through its infinite realms of conditioning So highly conditioned is the modern human that the entire population to a greater or lesser degree identifies with or believes themselves to be the mind Have you ever entertained with any degree of seriousness the question Who Am I As of this writing more and more of this planets population are beginning to take an interest in the Truth the Truth of what they Are as well as embrace the Truth of what everything Is Rest assured nothing is as it seems to be to the mind You are being invited to step aside from the mind and its incessant chatter in the quest for Peace When the activity of the mind begins to cease that which is left cannot be described You are being invited to simply find out what it is that awaits when all that is false is exposed In this revelation awaits your Truth your Peace **The Wind Chimes of Life** D.  Beggar's Young Son as the now thirty year old man is called As a young man he returns for seven days to the City to take up
 his father's work in an attempt to rectify his distance from humanity from his own soul from his own destiny He uses logic
 reason and an appeal for human compassion to try to bridge to the people of the City but finds only failure for himself as he
 cannot be as psychically insightful and empathic as his father was Each time he feels this deeply as his own self failure In the
 final chapter the young Beggar leaves the City in the company of a strange new prophet and comes upon a village carved out

of hope and salvation but slipping again into despair The author explores such topics as humanism free will theology capital punishment political systems ethics euthanasia evolution and ultimately the value of society to the individual and the individual to society SYNOPSIS OF NOVEL Chapter one to three Deals with concepts of creation man god in that a god will have no greatness more than the man which creates it and it the man Beggar boy sells mirrors to be the idols of their personal gods Then he must fight in court to disprove the crime of fraud against the people Chapter four Beggar boy interrupts a beating by schoolmaster of young boys The discussion explores crime vs punishment as a tool of change Chapter five Beggar explores extremes of poverty leadership and tyranny as he progresses from poor hovels to an execution pit to the king s audience He pleads for the lives of condemned slaves Explores concepts of social order tyranny freedom Chapter six Beggar interrupts argument amongst three brothers over law vs assisted suicide for their father The concept argued is whether conscience of I is above conscience of communal law Chapter seven Beggar leaves City with a mad poet who has started an alternative community in the mountains Explores concepts that logic and reason alone cannot propel human development passion of belief or blind faith is also necessary for evolution Compares the fate of the individual vs the needs of society s historical destinies
