### **Service Tax Notification 342004:**

*A Study of Service Tax in India and its Analysis* Dr. Makarand Raghunath Sakhalkar, 2018-03-05 Based on recommendations made by Chelliah Committee on Tax Reforms Service Tax was introduced for the first time in the year 1994. It is a Union levy with a selective approach whereby it is applicable to selected categories of services and not to all the services. The system of levy and collection of Excise Duties on goods is in existence since 1944 under Central Excise Act 1944. However, the concept of levy and collection of Service Tax on paid services was introduced in India for the first time in 1994 by the then Finance Minister Dr. Manmohan Singh. It is a tax levied on the transaction of certain specified services by the Central Government under the Finance Act 1994. It is an indirect tax which means that normally the service provider pays the tax and recovers the amount from the recipient of taxable service. *Parliamentary Debates* India. Parliament. Rajya Sabha, 2004-12-22.

Problems and Materials in Federal Income Taxation Sanford M. Guerin, Philip F. Postlewaite, Adam Rosenzweig, 2008. Thoroughly updated to reflect recent developments in tax law. *Problems and Materials in Federal Income Taxation* Seventh Edition remains an excellent choice for instructors who want a problems-based book that explains the complex tax code in a clear, focused manner. Among the attributes that have made this classroom-tested casebook a success: clear explanations and a realistic problem-solving approach lead students to a solid understanding of the intricacies of the federal income tax code; distinctive organization according to the taxing formula, i.e., the statutory formula adopted by Congress to calculate taxable income and final tax liability helps students develop a clear understanding of each level of taxation; numerous problems reinforce fundamental concepts; a Teacher's Manual that includes answers to every problem. New to the Seventh Edition: Adam Rosenzweig, Associate Professor at Washington University School of Law with both instructional and practice experience, joins the team as a co-author, bringing a new perspective. To the casebook, revised and expanded discussions of the role of debt in the tax laws, including OID, deferred income inclusions, and character issues throughout the book to reflect its increasing significance. To the law in this area, significant updating of the taxation of property transactions, including the role of debt and timing issues in deferred sales; updating of the discussions of the taxable unit, including assignment of income issues in Chapter 4 and marriage penalty relief provisions in the standard deduction section of Chapter 8. And the marriage penalty discussion in Chapter 10, an expanded discussion of the Alternative Minimum Tax (AMT) in Chapter 10 to reflect its increasing importance as ordinary income tax rates have been reduced; revised Chapter 5 to reflect significant changes in the tax treatment of deferred compensation, including an expanded discussion of OID; principals and changes as a result of the enactment of Section 409A. Chapter 11 has been eliminated, and its contents incorporated throughout the remaining chapters. If you aren't already using this classic casebook, be sure to examine a copy of *Problems and Materials in Federal Income Taxation* Seventh Edition before you teach your next tax course.

**Trade Profiles 2006** World Trade Organization, 2006. This booklet is a quick source for national and trade statistics of WTO.

members and countries which are in the process of negotiating WTO membership These Trade Profiles combine information on trade flows and trade policy measures of members observers and other selected economies The indicators are divided into five categories 1 Basic economic indicators population GDP current account balance etc 2 Trade policy indicators specific WTO relevant information including tariff binding information import duties collected in total tax revenue the number of dispute rulings notifications outstanding and contingency measures in force 3 Merchandise trade indicators customs based statistics information on total trade flows broken down by broad product categories and major origins and destinations 4 Commercial services indicators balance of payments based statistics trends in total trade flows and a breakdown by major components 5 Industrial property indicators annual number of patents granted and marks registered in the name of residents and non residents in the economy
