APAIS 1991: Australian public affairs information service , *Readings in Sexualities from Africa* Rachel Spronk, Thomas Hendriks, 2020-02-04 Images and stories about African sexuality abound in today's globalized media. Frequently old stereotypes and popular opinion inform these stories and sex in the media is predominately approached as a problem in need of solutions and intervention. The authors gathered here refuse an easy characterization of African sexuality and instead seek to understand the various erotic realities, sexual practices and gendered changes taking place across the continent. They present a nuanced and comprehensive overview of the field of sex and sexuality in Africa to serve as a guide though the quickly expanding literature. This collection offers a set of texts that use sexuality as a prism for studying how communities coalesce against the canvas of larger political and economic contexts and how personal lives evolve therein. Scholars working in Africa, the U.S. and Europe reflect on issues of representation, health and bio politics, same sex relationships and identity, transactional economies of sex, religion and tradition and the importance of pleasure and agency. This multidimensional reader provides a comprehensive view of sexuality from an African perspective. The Sexual Laws Kiyoshi Kobayashi, 2021-01-28 Though the series is a coherent unit with the unified purpose, each book is designed to be read independently from the others. The first three books are preparing for the proposal and the last book is augmenting the proposal. His core proposition is in Book Four, The Third Prophecy, in fact it can be expressed in one simple sentence: To love a child is not to make one. *Literary Gazette and Journal of Belles Lettres, Arts, Sciences, Etc* William Jerdan, William Ring Workman, Frederick Arnold, John Morley, Charles Wycliffe Goodwin, 1827 Critic and Literary World , 1888 Literature and the Politics of Post-Victorian Decadence Kristin Mahoney, 2015-06-09 In *Literature and the Politics of Post Victorian Decadence* Kristin Mahoney argues that the early twentieth century was a period in which the specters of the fin de siècle exercised a remarkable draw on the modern cultural imagination and troubled emergent avant gardistes. These authors and artists refused to assimilate to the aesthetic and political ethos of the era, representing themselves instead as time travelers from the previous century for whom twentieth century modernity was both baffling and disappointing. However, they did not turn entirely from the modern moment but rather relied on decadent strategies to participate in conversations concerning the most highly vexed issues of the period, including war, the rise of the Labour Party, the question of women's sexual freedom and changing conceptions of sexual and gender identities. **The Century Cyclopedia of Names** , 1899 *Athenaeum and Literary Chronicle* , 1870 The Bear Book II Les Wright, 2016-04-08 Here is a serious discussion of an emerging gay subculture. Take another fascinating journey into the bear's den with the latest offering from Les Wright, author of *The Bear Book*. *The Bear Book II* will show you the contrast between the media image of the fun-loving carefree bear man and the health image, psychological, technological and sexual concerns of bears living in the real world. A continuation of *The Bear Book* 1997, this study of typically big, hairy and bearded gay men explores bears on a societal and personal level, giving a wide

voice to bears of all ages nationalities and cultures Among the topics The Bear Book II Further Readings in the History and Evolution of a Gay Male Subculture discusses are health concerns of bears bear body images self esteem issues for bears physical and psychological bear attributes as portrayed in the media versus actual individual accounts social and sexual institutions in the bear community the role of the Internet in creating a global bear subculture The Bear Book II will help you to understand the life of a bear This unique book the only serious exploration of this topic offers documentation of a subculture in the making complete with subjective and analytical perspectives that support this example of postmodern cultural anthropology A Lesbian History of Britain Rebecca Jennings,2007-11-15 A Lesbian History of Britain presents the extraordinary history of lesbian experience in Britain Covering landmark moments and well known personalities such as Radclyffe Hall and the publication and banning of her lesbian novel The Well of Loneliness but also examining the lives and experiences of ordinary women like the recent discovery of the sexually explicit diaries of the Yorkshirewoman Anne Lister it brings both variety and nuance to their shared history In doing so it also explores cultural representations of and changing attitudes to female same sex desire in Britain **Losing My Religion** William C. Mills,2019-01-15 After four years of college and six years in seminary William Mills was ready for a parish or so he thought He didn t realize much of his time would be endless discussions about bagels and coffee digging ditches and parking lot condom patrols For six years community life was just humming along Then disaster struck Mills life came crashing down when nearly a third of his congregation left in a public power play causing him to question his faith in himself in the church and in God Marva Dawn a noted writer of spirituality and ministry said that being a pastor is like being peppered with popcorn after a while you just get tired of it pack your bags and move on However as Mills himself says I was either too stubborn or stupid so I stayed Losing My Religion is about the ups and downs ins and outs choices and challenges of being a pastor in the twenty first century church It s also about the redemptive power of community life and finding healing and wholeness in a broken world
