**Skeletons at the Feast** Chris Bohjalian, 2009-04-06 In January 1945 in the waning months of World War II a small group of people begin the longest journey of their lives an attempt to cross the remnants of the Third Reich to reach the British and American lines Among the group is 18 year old Anna Emmerich the daughter of Prussian aristocrats There is her lover Callum Finnella a young Scottish prisoner of war who has been brought from the stalag to her family's farm as forced labour And there is the intriguing Wehrmacht corporal whom the pair know as Manfred who is in reality Uri Singer a Jew from Germany who managed a daring escape from a train bound for Auschwitz As they work their way west they encounter a countryside ravaged by war Their flight will test both Anna's and Callum's love as well as their friendship with Manfred assuming any of them even survive Skilfully capturing the flesh and blood of history Bohjalian has crafted a rich tapestry that puts a face on one of the 20th century's greatest tragedies while creating a masterpiece that will haunt readers for generations "SKELETONS AT THE FEAST," OR THE RADICAL PROGRAMME. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing or, if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original and to the maximum degree possible gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality but also providing value to every one of our readers. Generally, Trieste books are purchased singly on demand; however, they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates. **Five Hundred Sketches and Skeletons of Sermons** Jabez Burns, 1850.
