Slash The Autobiography:

Slash, 2019 Performing Autobiography Jennifer Stephenson, 2013-06-17 In *Performing Autobiography* Jennifer Stephenson presents an innovative new approach to autobiography studies that links the growing field of research to drama. Stephenson's analysis engages with performance histories to demonstrate the extent to which the dramatic form which recasts autobiography as ambiguously fictive ensures that the experience of the plays remains open to revision, alteration, and interpretation. As such, *Performing Autobiography* understands this form not to be the impossible documentation of the backward-looking narrative of one's life but rather an evolving process of self-creation and transformation. Stephenson explores the autobiographical form by analysing seven works by Canadian playwrights written and performed between 1999 and 2009, including Judith Thompson's *Perfect Pie*, Daniel MacIvor's *In On It*, and Timothy Findley's *Shadows*. Her analysis encourages us to see autobiography as a uniquely political act, one that when enacted on stage illustrates the variety of ways that self-reflection and interpretation has an expanding role in contemporary culture.

Stories of the Self Anna Poletti, 2020-08-25 The importance of personal storytelling in contemporary culture and politics. In an age where our experiences are processed and filtered through a wide variety of mediums, both digital and physical, how do we tell our own story? How do we get a life, make sense of who we are, and the way we live and communicate that to others? *Stories of the Self* takes the literary study of autobiography and opens it up to a broad and fascinating range of material practices beyond the book, investigating the manifold ways people are documenting themselves in contemporary culture. Anna Poletti explores Andy Warhol's *Time Capsules*, a collection of six hundred cardboard boxes filled with text objects from the artist's everyday life; the mid-aughts crowdsourced digital archive *PostSecret*; queer zine culture and its practices of remixing and collaging; and the bureaucratic processes surrounding surveillance dossiers. *Stories of the Self* argues that while there is a strong emphasis on the importance of personal storytelling in contemporary culture and politics, mediation is just as important in establishing the credibility and legibility of life-writing. Poletti argues that the very media used for writing our lives intrinsically shapes how we are seen to matter.

Cemetery Gates Mick O'Shea, 2014-07-01 *Cemetery Gates* takes you inside the minds of the most twisted icons of heavy metal, including Ozzy Osbourne, Axl Rose, Nikki Sixx, Trent Reznor, Peter Dinklage, Darrell Cliff Burton, Layne Staley, and John Bonham. Whatever their deadly sin, these prodigiously talented musicians have all come dangerously close to the edge. *Cemetery Gates* is the ultimate tribute to the stoical survivors who dragged themselves back from the abyss, as well as the sainted icons who weren't so lucky. The likes of Dio and Dimebag may be gone, but this riotous epitaph to men who've lived every day as if it was their last ensures they'll never be forgotten.
