The Israel Lobby And Us Foreign Policy:

The Israel Lobby and US Foreign Policy John J Mearsheimer, Stephen M Walt, 2008-06-26 Does America's pro Israel lobby wield inappropriate control over US foreign policy This book has created a storm of controversy by bringing out into the open America's relationship with the Israel lobby a loose coalition of individuals and organizations that actively work to shape foreign policy in a way that is profoundly damaging both to the United States and Israel itself Israel is an important valued American ally yet Mearsheimer and Walt show that by encouraging unconditional US financial and diplomatic support for Israel and promoting the use of its power to remake the Middle East the lobby has jeopardized America's and Israel's long term security and put other countries including Britain at risk *The Lobby* Edward Tivnan, 1987 Traces Zionism in America and the activities of the pro Israel lobby officially created in 1954 as AZCPA American Zionist Council of Public Affairs and later called AIPAC American Israel Public Affairs Committee Mentions antisemitism and anti Zionism and the possibility of an antisemitic backlash engendered by AIPAC's activities

THE ISRAEL LOBBY AND U. S. FOREIGN POLICY N. Nourizadeh, 2014-02-13 This book is about politics and the close relation between Israel and US foreign policy [The Israel Lobby and US Foreign Policy](#) John J Mearsheimer, Stephen M Walt, 2008-06-26 The Israel lobby is a loose coalition of right wing individuals and organisations that actively works to shape U S foreign policy Here the authors claim that there is something deeply worrying about the Israel lobby's influence on U S foreign policy

The Arab Lobby and US Foreign Policy Khalil Marrar, 2008-10-27 The US foreign policy stance on Israel Palestine has shifted considerably in recent years from a position of Israel only to one which embraces both Israel and Palestine in a call for peace This volume assesses why the US stance has evolved in the way that it has concluding that while international factors cannot be overlooked developments within the United States itself are also crucial After years of vacillating on Palestinian national aspirations the majority of Americans the author notes have come to favor the establishment of an independent Palestinian state on the West Bank and the Gaza strip Considering what accounts for changes in US policy on Israel Palestine this volume delivers a thorough assessment of the role of international and domestic factors in shaping US policy in this area considers how US policy has evolved from the Camp David negotiations of the 1970s up to the occupation of Iraq in the mid 2000s explores the significance of American public opinion and the pro Israel and Arab lobbies in the evolution of US policy The Arab Lobby and US Foreign Policy will be of interest to students and scholars of Foreign Policy and Political Science Current Affairs and American Studies Khalil M Marrar is Professor at DePaul University USA He has served in editorial positions at the Arab Studies Quarterly and the Association of Arab American University Graduates

U.S. Foreign Policy Discourse and the Israel Lobby Keith Peter Kiely, 2017-08-01 This book seeks to debunk the popular myth of an all powerful pro Israel lobby Here Kiely demonstrates how discourses surrounding American Identity and US foreign policy towards the Israeli Palestinian conflict which has deep roots in American historicity have constructed an understanding of the conflict which is inherently

more susceptible to the Israeli narrative Kiely argues that the so called power of what other researchers such as Mearsheimer and Walt 2006 2007 call The Israel Lobby are limited by these discourses It is the author s contention that groups such as The American Israel Public Affairs Committee AIPAC serve to amplify and reproduce existing representations within these discourses which align the United States and Israel in terms of cultural historical and political values while simultaneously reinforcing dominant representations of the Palestinian Other

Holy Land Conversations Bryan Saario, 2011-11 All Palestinians are terrorists They are an invented people They are an inferior people This is what some of our most prominent politicians and congressionals tell us and our national media broadcasts and publishes for us Palestinians and Arabs are always the bad guys Israelis are always the good guys This ideology is at the heart of U S foreign policy that has gotten America involved in two Middle East wars and headed for a third It has alienated Americans from the entire Middle East causing a loss of trust and credibility among most other countries But wait Aren't there always two sides to every story Why is it that we never hear the Palestinian side of the story What would happen if

Americans found out that each and every day more Palestinian land is being stolen their houses demolished their crops destroyed children imprisoned without charges and demonstrators eliminated by non judicial execution Might we want to find out more about why our government is complicit in this travesty and who exactly it is in America facilitating such an assault on human rights and justice How and why did we as Americans become an accomplice and what benefit is there for us Holy Land Conversations is an anthology of stories depicting life under military occupation as told by Palestinians in the West Bank and in Gaza It becomes a treatise derived from travel in the Holy Land by the author and subsequent research and discovery to uncover the various forces that are involved in the oppression and ethnic cleansing of the Palestinian population why and how the Palestinians have become dispossessed denigrated and denied their basic human rights **The Christian Right & US Foreign Policy in the 21 st Century** Mohd Afandi Salleh,2020-01-07 This book is about the role of the Christian Right in the US foreign policy decision making process It reveals that the Christian Right has long been fascinated with some international issues in general and US foreign policy in particular The interest of the movement in international issues increased markedly during the George W Bush administration 2000 2009 During this period the movement successfully widened its activism from domestic social conservative issues to foreign policy issues by participating in articulating and lobbying for its religious version of American foreign policy In assessing the role of the Christian Right in US foreign policy making this dissertation examines aspects of US foreign policy namely Israel international religious freedom and global humanitarianism Based on these three aspects the Christian Right is seen as skilled in framing and defining issues The Christian Right seems effective in selecting and prioritizing international issues that have a reasonable chance of being picked up on by foreign policy decision makers especially in Congress Moreover the Christian Right has shown its maturity in seeking engagement and cooperation with other organizations regardless of whether they are secular or religious to advance its international goals Finally in pursuing and conveying its international agenda the Christian Right has adopted a more moderate and mundane approach Instead of using its traditional religious rhetoric the Christian Right has successfully projected its foreign policy preferences into the conventional realist discourse of American foreign policy that was largely based on the objective of national interest and national security **A General Theory of Foreign Policy** Jayantanuja Bandyopadhyaya,2004 **Great Powers' Foreign Policy** ,2022-12-19 By comparing the great powers foreign policy this book investigates the global competition and revisionist attempts to dismantle the Western liberal order Since February 2022 the international system has been challenged by the Russian invasion in Ukraine and its profound multiple consequences Putin s War has reinvented the West But still this is not the end of history To illustrate that tensions between democratic and autocratic great powers are nowadays at their peak since the end of the Cold War one should consider President Biden s words in Warsaw referring to President Putin For God s sake this man cannot remain in power *The Israel Lobby and U.S. Foreign Policy* John J. Mearsheimer,Stephen M. Walt,2006 Routledge Handbook of American Foreign Policy Steven W.

Hook, Christopher M. Hook, James M. Scott, 2011-01-10 This new contributed volume from Steven Hook and James Scott introduces students to the conduct of foreign policy under the Obama administration Its twelve original essays written by a stellar cast of experts in the field address whether the Obama administration s strategy represents a renewal of U S engagement To what extent has this administration succeeded in building both the domestic and international constituencies needed to implement its foreign policy goals How exactly have Obama s policies regarding drone strikes prisoner abuse extraordinary rendition and climate change differed from Bush era policies Contributors provide detailed assessments of these and many other key questions Designed to fit easily into courses on U S foreign policy the volume s first part looks at policy formulation while the second part tackles policy domains An extensive bibliography makes a great student resource for further research
