The Israeli Lobby Report:

THE ISRAEL LOBBY AND U. S. FOREIGN POLICY N. Nourizadeh, 2014-02-13 This book is about politics and the close relation between Israel and US foreign policy **Israel Lobby in the United States Handbook Volume 1 Strategic Information, Organization, Regulations, Contacts** IBP, Inc., 2019-06-02 2011 Updated Reprint Updated Annually Jewish Lobby in the United States Handbook Organization Operations Performance **Transforming America's Israel Lobby** Dan Fleshler, 2009 Proposes an alternative pro Israel lobby that liberals can support **U.S. Foreign Policy Discourse and the Israel Lobby** Keith Peter Kiely, 2017-08-01 This book seeks to debunk the popular myth of an all powerful pro Israel lobby Here Kiely demonstrates how discourses surrounding American Identity and US foreign policy towards the Israeli Palestinian conflict which has deep roots in American historicity have constructed an understanding of the conflict which is inherently more susceptible to the Israeli narrative Kiely argues that the so called power of what other researchers such as Mearsheimer and Walt 2006 2007 call The Israel Lobby are limited by these discourses It is the author's contention that groups such as The American Israel Public Affairs Committee AIPAC serve to amplify and reproduce existing representations within these discourses which align the United States and Israel in terms of cultural historical and political values while simultaneously reinforcing dominant representations of the Palestinian Other *Daily Report, Foreign Radio Broadcasts* United States. Central Intelligence Agency, 1969 **The Arab Lobby and US Foreign Policy** Khalil Marrar, 2008-10-27 The US foreign policy stance on Israel Palestine has shifted considerably in recent years from a position of Israel only to one which embraces both Israel and Palestine in a call for peace This volume assesses why the US stance has evolved in the way that it has concluding that while international factors cannot be overlooked developments within the United States itself are also crucial After years of vacillating on Palestinian national aspirations the majority of Americans the author notes have come to favor the establishment of an independent Palestinian state on the West Bank and the Gaza strip Considering what accounts for changes in US policy on Israel Palestine this volume delivers a thorough assessment of the role of international and domestic factors in shaping US policy in this area considers how US policy has evolved from the Camp David negotiations of the 1970s up to the occupation of Iraq in the mid 2000s explores the significance of American public opinion and the pro Israel and Arab lobbies in the evolution of US policy The Arab Lobby and US Foreign Policy will be of interest to students and scholars of Foreign Policy and Political Science Current Affairs and American Studies Khalil M Marrar is Professor at DePaul University USA He has served in editorial positions at the Arab Studies Quarterly and the Association of Arab American University Graduates Hearings, Reports and Prints of the Senate Committee on Finance United States. Congress. Senate. Committee on Finance, 1974 *Hearings, Reports and Prints of the Senate Committee on Foreign Relations* United States. Congress. Senate. Committee on Foreign Relations, 1974 **The Palestinian Strategic Report 2010/11** Dr. Mohsen Mohammad Saleh, 2011-05-23 This annual referential report has become an essential classic in the

academic realm of Palestinian Studies It includes the latest and most recent statistical and analytic data on the various developments related to the Palestinian issue Al Zaytouna Centre for Studies and Consultations issued its Palestinian Strategic Report 2010 11 PSR 2010 11 which addresses the developments of the Palestinian issue in 2010 11 The PSR is considered one of the most important scientific studies published annually by Al Zaytouna Centre The Report is rich with information analyses tables and charts besides strategic visions and future outlooks It is published for the sixth year in a row and it has become one of the major sources for experts and those interested in the Palestinian issue It provides a comprehensive coverage of the developments of the Palestinian issue that happened over a year while abiding by strict scientific and professional standards The Report is 444 medium sized pages It is co authored by 15 researchers specialized in the Palestinian issue reviewed by four consultants and edited by Dr Mohsen M Saleh The PSR 2010 11 stresses that the uprisings witnessed in the Arab world since early 2011 especially in Egypt will have a direct impact on the Palestinian issue The impact will most likely be positive if the uprisings achieved their goals and yielded political regimes which express the real will of the Arab peoples However the Report notes that the internal affairs would most probably be the primary concern during the coming period Regarding the inter Palestinian reconciliation PSR 2010 11 asserts that the reconciliation agreement signed in Cairo last May still needs more serious steps to end the division and achieve real reconciliation on the ground It needs to resolve many obstacles through cooperation between the different parties away from external interventions and pressures On the Israeli level the Report mentions that 2010 has continuously witnessed the inclination of the Israeli society towards the extreme right It further notes the absence of any breakthroughs in 2011 especially in the light of Israel s rejection for the negotiations with President Mahmud Abbas The agreement signed with Hamas and the PA s attempts to obtain international recognition of the Palestinian State in September 2011 hindered such negotiations On the international level the PSR says that the international diplomatic efforts towards the Palestinian issue have failed again in 2010 They could not achieve any significant progress regarding the peace settlement track or the siege imposed on the Gaza Strip Moreover PSR 2010 11 includes a large number of figures and statistics on Israeli violations on different levels During 2010 98 Palestinians were killed in the West Bank and Gaza Strip including Jerusalem by Israeli forces and settlers while 967 Palestinians and international solidarity activists were wounded On the other hand Israel s internal security service mentioned that during 2010 9 Israelis were killed and 28 were wounded in operations carried out by the Palestinians Concerning settlement building the Report shows that despite the 10 month Israeli moratorium on settlement building Israel established 1819 buildings apartments in 133 settlements all over the West Bank including Jerusalem in addition to 1433 mobile homes caravans PSR 2010 11 also discusses the increased Israeli attacks on the Islamic and Christian holy sites in Jerusalem and historic Palestine during 2010 It further shows that the developments during that year revealed that the Judaization of Jerusalem has become the primary battle for Israel due to the obsession with the Jewishness of the state

dominating the Israeli mind Concerning demographic indicators PSR 2010 11 mentions that at the end of 2010 the number of Palestinians around the world was around 11 14 million people More than half of them i e 5 75 million 51 6% live in Diaspora while the rest i e 5 39 million 48 4% live in historic Palestine The latter are distributed by 1 28 million people in the territories occupied in 1948 and 4 11 million in the 67 territories The Report mentions that if the current growth rates of the Palestinians and the Jews persist the number of Palestinians and Jews will become on par by 2017 where each will reach around 6 53 million Thus in 2020 around 49 2% of the population will be Jews as their number will reach 6 87 million compared to 7 09 million Palestinians Regarding the economic indicators in the West Bank and the Gaza Strip the Report shows that events during 2010 has not affected the direct dependence of the Palestinian economy on the Israeli economy In addition the isolation of the Palestinian economy from the outside world continued due to the Israeli control of all international exits and Palestinian border crossings besides the Palestinian foreign trade PSR 2010 11 also refers to the enormous difference between the Palestinian economy in the West Bank and the Gaza Strip on one hand and the Israeli economy on the other Thus it shows for example that in 2010 the Palestinian GDP per capita was 1500 around 1925 in the West Bank and 877 in the Strip compared to 28 500 in Israel In addition the GDP amounted to 5 73 billion for the Palestinians compared to 217 13 billion for the Israelis

Trouble in the Tribe Dov Waxman, 2018-05-08 How Israel is dividing American Jews *Trouble in the Tribe* explores the increasingly contentious place of Israel in the American Jewish community In a fundamental shift growing numbers of American Jews have become less willing to unquestioningly support Israel and more willing to publicly criticize its government More than ever before American Jews are arguing about Israeli policies and many especially younger ones are becoming uncomfortable with Israel's treatment of Palestinians Dov Waxman argues that Israel is fast becoming a source of disunity for American Jewry and that a new era of American Jewish conflict over Israel is replacing the old era of solidarity Drawing on a wealth of in depth interviews with American Jewish leaders and activists Waxman shows why Israel has become such a divisive issue among American Jews He delves into the American Jewish debate about Israel examining the impact that the conflict over Israel is having on Jewish communities national Jewish organizations and on the pro Israel lobby Waxman sets this conflict in the context of broader cultural political institutional and demographic changes happening in the American Jewish community He offers a nuanced and balanced account of how this conflict over Israel has developed and what it means for the future of American Jewish politics Israel used to bring American Jews together Now it is driving them apart *Trouble in the Tribe* explains why *Reports of the United States Tax Court* United States. The United States and Iran Sasan Fayazmanesh, 2008-03-31 This book analyzes the development of US dual containment policy towards Iran and Iraq with special reference to the former It covers the period from the early 1980s through to the present *Congressional Quarterly Weekly Report* , 1990 **The Israel Lobby and US Foreign Policy** John J

Mearsheimer, Stephen M Walt, 2008-06-26 Does America's pro Israel lobby wield inappropriate control over US foreign policy This book has created a storm of controversy by bringing out into the open America's relationship with the Israel lobby a loose coalition of individuals and organizations that actively work to shape foreign policy in a way that is profoundly damaging both to the United States and Israel itself Israel is an important valued American ally yet Mearsheimer and Walt show that by encouraging unconditional US financial and diplomatic support for Israel and promoting the use of its power to remake the Middle East the lobby has jeopardized America's and Israel's long term security and put other countries including Britain at risk **Pens and Swords** Marda Dunsky, 2008-02-06 As world attention is renewed and refocused on the Israeli Palestinian conflict at the sixtieth anniversary of its seminal year of 1948 Marda Dunsky takes a close look at how more than two dozen major American print and broadcast outlets have reported the conflict in recent years Beginning with the failed Camp David summit of July 2000 through the waning of the second Palestinian uprising in the summer of 2004 she finds that the media omit two key contextual elements the significant impact that U S policy has had and continues to have on the trajectory of the conflict and the way international law and consensus have addressed the key issues of Israeli settlement and annexation policies and Palestinian refugees Dunsky explores how reports of the conflict routinely take on the contours of American policy and rarely challenge the premises of this Washington consensus She also examines the media's responses to allegations of biased coverage and gauges the effect that mainstream news reporting has on public opinion and U S foreign policy *BBC Women Reporting the World* Colleen Murrell, 2025-08-06 This book explores the changing experiences and roles of the BBC's female journalists Featuring original interview content the book focuses on the careers of female foreign correspondents from Kate Adie to Shaimaa Khalil It begins by examining the power structures and gender based assumptions widespread in the BBC from its inception through to the 1970s and 1980s when international reporting opportunities first opened up for women and then charts the changes that took place between the 1980s to the 2020s including the recent controversy surrounding pay inequality Featuring insights and anecdotes from the women themselves it will appeal to a broad range of readers interested in the BBC news journalism and gender while also informing evolving academic debates around public service broadcasting international news flows media practice and issues of gender race class and power in the media industry *Reporting Palestine-Israel in British Newspapers* Nadia R. Sirhan, 2021-08-28 This book examines the portrayal of the Palestinian Israeli conflict by looking at the language used in its reporting and how this can in turn influence public opinion The book explores how language use helps frame an event to elicit a particular interpretation from the reader and how this can be manipulated to introduce bias Sirhan begins the book by examining the history of the conflict and the many persistent myths that surround it She analyses how five events in the conflict two in which the Palestinians are victims two in which the Israelis are victims and Operation Cast Lead are reported in five British newspapers The Daily Mail The Guardian The Independent The Daily Telegraph and The Times By looking at these events

across a range of newspapers the book investigates differences in the way that the media report each side before exploring what factors motivate these differences including issues of bias censorship lobbying and propaganda **Israel Under Siege** Raffaella A. Del Sarto, 2017 Introduction Israel's new foreign policy consensus after the Oslo peace process 2000-2010 Feeling under siege conflicts threats and regional order The impact and implications of Israel's foreign policy consensus Factors and explanations for the new domestic hegemony The return of dissent 2010 to the present **Containing Iran** Sasan Fayazmanesh, 2013-11-13 Since the 1979 Revolution in Iran and the end of a close relationship between the US and the Shah successive American administrations including the Obama Administration have tried to contain Iran by various means particularly sanctions and military threats Even though President Obama came to office promising to engage Iran in reality his administration has followed the policy of tough diplomacy which has included among other acts imposing draconian sanctions against Iran Following the author's earlier book on the history of containment of Iran and Iraq the current book examines closely the Obama Administration's policy toward Iran as well as the role played by Israel the European Union and the International Atomic Energy Agency IAEA in the implementation of this policy Specifically it is argued that the policy of tough diplomacy designed mostly by those associated with the Israeli lobby groups was intended to give an ultimatum to Iran in some direct meetings telling Iran to either accept the US-Israeli demands or face aggression The meetings were also intended to create the illusion of engaging Iran in order to gain international support for aggressive actions Barack Obama announced this policy in his speeches as a Senator particularly at the American Israel Public Affairs Committee policy conferences After he became president in 2008 the policy of aggressive diplomacy was put in motion While pretending to engage Iran in diplomacy the Obama Administration in coordination with the US Congress and the government of Israel pushed for the most confrontational IAEA reports on Iran and an unprecedented set of unilateral and multilateral sanctions The US and Israel also engaged in a campaign of military threats sabotage and assassination of Iranian nuclear scientists Yet after four years of hostilities the policy of tough diplomacy failed to achieve many of its goals and failed to contain Iran
