Rasor, 2022-03-24 The search is on The world of Kosmon needs a cure for a plague that leads ultimately to everyone's death The Scientian race known for its rationality and understanding continues to fail in finding a cure while the Transmutant race known for living by its emotions turns its hate toward the race of Seers attempting to wipe them out Amid the search for a cure Seikh a young Seerean boy is led on a journey to discover who he is and his purpose which is ultimately to find the cure The journey however is not without its troubles Along the way he encounters those who want to deceive him and others who want to help him Will Seikh find the cure or will he be deceived by dark forces leaving the world of Kosmon forever plagued with death **The Light, of Kosmon, Being the Doctrinal Books, Reprinted from Oahspe** ,1960 **Oahspe, a New Bible in the Words of Jehovih and His Angel Embassadors** John Ballou Newbrough, 1891 **EOIH's Voice in the Wind** Anne apRoberts, 2015-11-30 Not infallible is this book but to teach people to hear the Creator's voice and to see the heavens in full consciousness while still living on the earth and to know what awaits them after death OAH SPE In the late 1800s mystics from around the world brought forth enlightened perspectives and sacred texts that have set the path for our modern mystical traditions including the Theosophical Society the Spiritualists movement Rudolf Steiner and Anthroposophy Christian Science and the Unity Church to name a few OAH SPE was also written in the late 1800s and it shares many of the same perspectives EOIH'S VOICE IN THE WIND illuminates the teachings of OAH SPE and the deeper meaning inherent in the original writings It teaches us how to develop our higher consciousness how to understand our interrelationship with the spiritual dimensions how to deepen our relationship to the Creator and it explains the many phases of our journey into life after death EOINS VOICE IN THE WIND presents universal wisdom that transcends contemporary perspectives and it speaks of multidimensional realities co existing with life on earth through an interactive hierarchy of angelic beings *The Medium and Daybreak* ,1883 **Book of Knowledge** Anonymous, **Routledge Library Editions: Spiritualism** Various, 2022-07-30 The volumes in this set originally published between 1974 and 1992 draw together research by leading academics in spiritualism and provide a rigorous examination of related key issues The collection examines spirituality from a broad range of disciplines from the spirituality in the Christian church spirituality in Africa and Afro American religions as well as examining the areas of channeling mediumship and spirit possession In this 3 volume set there are two incredibly unique and insightful bibliographic source collections examining both primary and secondary source listings across the subject of spiritualism and one volume providing field research into spirituality in the Christian church and in the occult This collection is an incredibly useful tool for researchers examining the broad area of spiritualism and will be of interest to

researchers academics and students of anthropology religion and sociology **Oahspe** John Ballou Newbrough,1891

The New Testament around the World Mariam Kamell Kovalishyn,2025-04-29 As the church continues to expand and strengthen in non Western contexts it is increasingly important for students of the New Testament to be aware of how our global brothers and sisters exegete and apply Scripture Even when we share a grammatical historical approach with others our interpretation of biblical texts is invariably affected by social location and cultural context which influence the questions we ask of the text and how we apply it Western readers can become aware of how our culture influences our interpretation by learning from others from different perspectives including those whose experience may match the original audience more closely than our own This volume ideal as a supplemental textbook for courses in the New Testament brings together distinguished scholars from around the world with perspectives we might not typically encounter and includes some minority voices focused on life within the United States as well Each contributor writes on a biblical book or group of books and together they cover the whole New Testament These authors expose students and pastors in the West to new questions and ways of reading familiar texts The result is an eye opening spiritually enriching experience that will supplement and strengthen our own biblical interpretation **The New Testament: Greek-Transliteration-Translation: 3 Line**

Segments Alex P. Kappas,2023-03-22 The New Testament with original Greek English Transliteration of the Greek and English Translation underneath in 3 line segments Features a guide to Greek numbers and letters as well as an index of page numbers for each book of the New Testament General Catalogue of Printed Books British Museum. Dept. of Printed Books,1963 *The Gospel According to John* Colin G. Kruse,2004 The Tyndale New Testament Commentaries have long been a trusted resource for Bible study Written by some of the world s most distinguished evangelical scholars these twenty volumes offer clear reliable and relevant explanations of every book in the New Testament These Tyndale volumes are designed to help readers understand what the Bible actually says and what it means The introduction to each volume gives a concise but thorough description of the authorship date and historical background of the biblical book under consideration The commentary itself examines the text section by section drawing out its main themes It also comments on individual verses and deals with problems of interpretation The aim throughout is to get at the true meaning of the Bible and to make its message plain to readers today Book jacket Channeling Joel Bjorling,2019-06-19 Originally published in 1992

Channeling is a comprehensive bibliography on the subject of channeling The book defines channeling as any message received or conveyed from transcendent entities and covers material on the history of channeling those that have claimed to transcend death contact with UFOs and contemporary channeling groups The book acts as a research guide and seeks to outline the historical roots of channeling explaining its major teachings and considers its significance as a spiritual movement It provides sources from books booklets articles and ephemeral material and offers a comprehensive list of both primary and secondary materials related to channeling the bibliography takes the most diverse and useful sources of the time This volume

although published almost 30 years ago still provides a unique and insightful collection for academics of religion in particular those researching spiritualism and the occult **FACING TRUTH - "The Tale of Two Gardens"** Patrick J.

Tabor,2013-04-01 This Book is based on the premise that the Bible is the objective Truth about created reality Like a young child looking into a kaleidoscope the picture of Christianity that we see in the world today is fragmented into an endless number of pieces and we struggle to put together a clear picture that makes sense 2000 years of Church History layers of Pagan Beliefs and Humanistic Philosophy have distorted and blurred the Bibles picture of the Faith that was taught by Jesus and the Apostles In addition to that our innate resistance to The Truth is our biggest obstacle to embracing what is true about God our selves and the Created Reality we live in and that makes coming to believe the Biblical Worldview at best very challenging It is my hope that this book will help you establish an authentic Biblical Faith and bring the distorted fragmented kaleidoscopic picture of Christianity in the world today back into focus as you continue your journey toward the gloriously wonderful Eternal Kingdom of God **John** Beauford Harding Bryant,Mark Krause,1998 *Witness to the Word* Karl

Barth,2003-06-03 Karl Barth s lectures on the first chapter of the Gospel of John delivered at Muenster in 1925 26 and at Bonn in 1933 came at an important time in his life when he was turning his attention more fully to dogmatics Theological interpretation was thus his primary concern especially the relation between revelation and the witness to revelation which helped to shape his formulation of the role of the written and spoken word vis a vis the incarnate Word The text is divided into three sections John 1 1 18 19 34 35 51 with the largest share of the book devoted to the first section Each section begins with Barth s own translation followed by verse by verse and phrase by phrase commentary on the Greek text Although Barth s interpretation is decidedly theological he does take up questions of philology and textual criticism more thoroughly than in his other works Much has happened in Johannine scholarship since these lectures were first delivered yet they remain valuable today 100 years after Barth s birth both for their insights into the gospel and into Karl Barth
