**Writing Okinawa** Davinder L. Bhowmik,2008-08-18 Writing Okinawa is the first comprehensive study in English of Okinawan fiction from its emergence in the early twentieth century through its most recent permutations It provides readings of major authors and texts set against a carefully researched presentation of the region's political and social history at the same time it thoughtfully engages with current critical perspective with perspectives on subaltern identity colonialism and post colonialism and the nature of regional minority and minor literatures Is Okinawan fiction replete with geographically specific themes such as language loss identity and war a regional literature distinct among Japanese letters for flourishes of local color that offer a reprieve for the urban weary or a minority literature that serves as a site for creative resistance and cultural renewal This question drives the book's argument making it interpretative rather than merely descriptive Not only does the book provide a critical introduction to the major works of Okinawan literature it also argues that Okinawa's writers consciously exploit to good effect the overlap that exists between regional and minority literature In so doing they produce a rich body of work a great deal of which challenges the notion of a unified nation that seamlessly rises from a single language and culture

**King and Messiah as Son of God** Adela Yarbro Collins, John J. Collins, 2008-11-03 This book traces the history of the idea that the king and later the messiah is Son of God from its origins in ancient Near Eastern royal ideology to its Christian appropriation in the New Testament. Both highly regarded scholars Adela Yarbro Collins and John J. Collins argue that Jesus was called the Son of God precisely because he was believed to be the messianic king. This belief and tradition they contend led to the identification of Jesus as preexistent personified Wisdom or a heavenly being in the New Testament canon. However, the titles Jesus is given are historical titles tracing back to Egyptian New Kingdom ideology. Therefore, the title Son of God is likely solely messianic and not literal King and Messiah as Son of God is distinctive in its range spanning both Testaments and informed by ancient Near Eastern literature and Jewish noncanonical literature.
