## Night Is Darkest:

A Dark Night's Passing Naoya Shiga, 2025-01-09 In the deepest hours of the night when the world seems swallowed by shadow I learned that even the longest darkness eventually yields to dawn It is in those quiet moments of despair that we discover our true strength hidden waiting for the first light to awaken it      **Dark Needs at Night's Edge** Kresley Cole, 2015-09-29 Conrad Wroth a half mad vampire imprisoned in a haunted manor to prevent him from harming others finds himself tormented by the ghost of the once famous ballerina Neomi Laress and decides to set her free in order to take her as his own      *A Dark Night's Dreaming* Tony Magistrale, Michael A. Morrison, 1996 *A Dark Night's Dreaming* opens by defining the shape of horror fiction today illuminating the genre's narrative themes psychological and social contexts and historical development The core of the volume focuses on the lives and major works of the six who have dramatically shaped the genre William Peter Blatty Thomas Harris Stephen King Anne Rice Peter Straub and Whitley Strieber A final chapter analyzes the complex relationship between horror fiction and its adaptation to film Looking beyond the tormented maidens madmen monsters and other archetypes of the genre these critics differentiate contemporary Gothic fiction from that of earlier generations while demonstrating that horror remains one of the most important and consistent strains connecting the diverse elements of the American literary tradition They comment on the genre's enormous popularity and undeniable influence in American society and scrutinize its changing representations of women monsters and gore The volume concludes with an extensive bibliography of primary and secondary works      **A Dark Night's Work** Elizabeth Cleghorn Gaskell, 1863      **A Dark Night's Work** Elizabeth Cleghorn Gaskell, 2022-11-25 Reproduction of the original      An English Garner, 1897

Board of Gas and Electric Light Commissioners, 1894      Transpersonal Psychology in Psychoanalytic Perspective Michael Washburn, 1994-01-01 In this book Michael Washburn provides a psychoanalytic foundation for transpersonal psychology Using psychoanalytic theory Washburn explains how ego development both prepares for and creates obstacles to ego transcendence Spiritual development he proposes can be properly understood only in terms of the ego development that precedes it For example many difficulties encountered in spiritual development can be traced to repressive underpinnings of ego development and significant gender differences in spiritual development can be traced to corresponding gender differences that emerge during ego development Washburn draws on a wide range of psychoanalytic perspectives in discussing ego development and uses both Eastern and Western sources in discussing spiritual development In rethinking transpersonal psychology in psychoanalytic terms he explains how essential elements of Jungian thought can be grounded in psychoanalytic theory      **The Dark Side of Dharma** Anna Lutkajtis, 2021-03-24 A dive into the less known and undesirable

side effects of meditation and mindfulness Researcher Anna Lutkajtis investigates why these negative ramifications of meditation and mindfulness which are well known in spiritual and religious traditions have been ignored in contemporary secular contexts such as Western psychology Lutkajtis research reveals that while meditation is commonly portrayed as a practice that is overwhelmingly positive a growing number of research studies and anecdotal reports suggest that meditation can also have negative effects Some meditators believe that these adverse effects are a normal part of the contemplative path and a welcome sign of progress For others such effects are completely unexpected and can be psychologically harmful In religious traditions like Buddhism difficulties associated with meditation are acknowledged and are usually viewed as milestones on the path to enlightenment or the result of an unbalanced practice In such traditional contexts meditation teachers are equipped to deal with adverse effects if and when they arise However in the modern West meditation adverse effects have been overlooked under researched and generally misunderstood Given the current popularity of meditation Lutkajtis argues that it is important to understand why meditation adverse effects have been ignored in contemporary secular settings
