Miles A. Kimball,Derek G. Ross,2025-03-01 *Document Design* introduces students to the basic principles and theories of design combining practical advice about the design process with a foundation in visual rhetoric and usability Most books on document design lean toward either theory or practice This book offers a balanced approach theoretically informed practice that introduces a working vocabulary to help students become reflective practitioners able not only to create effective designs but also to explain why and how they made their design choices Derek G Ross and Miles A Kimball hope to give students the foundation they need to make design decisions in any rhetorical situation Students will learn to negotiate between the needs of both users and clients to consider the nuances of audience purpose and context Visual Identity

Susan Westcott Alessandri,2014-12-18 Brands companies and organizations much like people have personalities and most of what we know and think about their personalities comes through visual identity A visual identity is the strategically planned and purposeful presentation of the brand or organization in order to gain a positive image in the minds of the public including but not limited to its name logo tagline color palette and architecture and even sounds This practical guide explores visual identity from an organizational brand perspective corporate non profit etc rather than a product brand perspective It not only helps readers to understand the meaning and value of an organization s visual identity but also provides hands on advice on how to promote and protect the identity Each chapter draws from current research and also contains real world examples and case studies that illustrate the key concepts *The Quick Entrepreneur's Guide* Bob Warner,2024-07-05
