K. Chowdhry, Social Sciences For Class IX **Utopia and Utopianism in the Contemporary Chinese Context** David Der-wei Wang, Angela Ki Che Leung, Zhang Yinde, 2020-04-05 Utopia and Utopianism in the Contemporary Chinese Context Texts Ideas Spaces decisively demonstrates the extent to which utopianism has shaped political thought cultural imaginaries and social engagement after it was introduced into the Chinese context in the nineteenth century In fact pursuit of utopia has often led to action such as the Chinese Revolution and the Umbrella Movement and contested consequences Covering a time span that goes from the late Qing to our days the authors show that few ideas have been as influencing as utopia which has compellingly shaped the imaginaries that underpin China s historical change Utopianism contributed to the formation of the Chinese state itself shaping the thought of key figures of the late Qing and early Republican eras such as Kang Youwei and Sun Yat sen and outlived the labyrinthine debates of the second half of the twentieth century both under Mao s rule and during the post socialist era Even in the current times of dystopian narratives a period in which utopia seems to be less influential than in the past its manifestations persistently provide lifelines against fatalism or cynicism This collection shows how profoundly utopian ideas have nurtured both the thought of crucial figures during these historical times the new generation of mainland Chinese and Sinophone intellectuals and the hopes of twenty first century Hong Kong activists Wang Leung and Zhang s

collection is a timely contribution to utopian studies built on consistent coherent boundary crossing approaches Interdisciplinary in its very sense the essays bring intellectual history literary studies philosophy and political theories together in dialogue Of particular note are the essays that situate Hong Kong in a literary tradition that connects China Hong Kong and the beyond Mingwei Song Wellesley College Utopia and Utopianism in the Contemporary Chinese Context is an impressive intellectual undertaking The essays are highly engaging and offer powerful multi faceted approaches to utopianism in contemporary Chinese thought and practice Stimulating and informative the book as a whole addresses the dynamic interplay between the utopian and dystopian thereby inspiring clarity in political thought and action in the present moment Robin Visser University of North Carolina at Chapel Hill
