Such processes take place in different forms in various fields of the computer science and technology. The objectives of the ICCVG are presentation of current research topics and discussions leading to the integration of the community engaged in machine vision and computer graphics, carrying out and supporting research in the field and finally promotion of new applications. The ICCVG is a continuation of the former International Conference on Computer Graphics and Image Processing, called GKPO, held in Poland every second year in May since 1990, organized by the Institute of Computer Science of the Polish Academy of Sciences, Warsaw, and chaired by the Editor of the International Journal of Machine Graphics and Vision, Prof. Wojciech S.
