Nestor Burma contre C.Q.F.D. Léo Malet, 2012-07-19 Nestor Burma contre C Q F D est chronologiquement la deuxième aventure du bien connu détective de choc Elle se situe en 1942 dans un Paris camouflé soumis aux alertes et aux restrictions Accusé des personnages habituels de la saga nestorienne c'est-à-dire Burma lui-même sa secrétaire Hélène l'inspecteur Faroux pas encore commissaire et le journaliste ponge Marc Covet volent un bon bourgeois surprises un nain complexes un maître chanteur un peu trop sûr de lui un assassin adroit sans oublier les quelques cadavres indispensables ce genre de récit et la mystérieuse Lydia dont le charme met en échec le cynisme peut être l'œuvre de Nestor Burma Paris and the Fetish Alistair Rolls, 2014-01-05 Freud's 1927 essay on the acquisition of a screen memory or fetish allows the subject to come to terms with the traumatic truth that for him dominates the present moment in Freud's scenario the truth of mother's sexuality by maintaining alongside and not in place of it a parallel story of the past the myth of the phallic mother In this book Freud's theory of the fetish and in particular this way of allowing two opposed and ostensibly mutually exclusive narratives to co-exist is used to provide a number of Parisian crime texts with radical new solutions The fetishistic world view of Charles Baudelaire's poetics will be shown to provide the template for all overvalued instances of women passing by notably it will be seen how the famous assault on one of Christian Dior's models as she displayed the New Look for the first time in Montmartre in 1947 depends on a fetish erected in the poem *une passante* The same Paris streets allow red herrings to be raised to the status of truth in novels by Fred Vargas Léo Malet and Frédéric Cathala In these texts the discovery of a primal scene allows doubt to be cast over authorial solutions and new murderers or victims to be found In the case of Jean-Paul Sartre's *La Nausée* the fetishism at work is shown to have harboured a serial killer where no crime was previously considered to have taken place In these analyses fetishism is mapped onto prose poetics intertextuality and deconstruction in order to challenge the way we read text More importantly rereading these texts allows us to see fetishism in a new light as a force for positive creative acts of meaning-making Alistair Rolls is Associate Professor of French Studies at the University of Newcastle Australia He is the author of *The Flight of the Angels Intertextuality in Four Novels* by Boris Vian Rodopi 1999 and with Deborah Walker of *French and American Noir Dark Crossings* Palgrave Macmillan 2009 **French Crime Fiction, 1945-2005** Margaret-Anne Hutton, 2016-04-22 In the first major study of representations of World War II in French crime fiction Margaret-Anne Hutton draws on a corpus of over a hundred and fifty texts spanning more than sixty years Included are well-known writers male and female such as Aubert Simenon Boileau Narcejak Vargas Daeninckx and Jonquet as well as a broad range of lesser-known authors Hutton's introduction situates her study within the larger framework of literary representations of World War II setting the stage for her discussions of genre the problem of defining crimes and criminals in the context of the war the epistemological issues that arise in the relationship between World War II historiography and the crime novel and the temporal textures linking past crimes to the present Filling a gap in the fields of crime fiction and

fictional representations of the War Hutton's book calls into question the way both crime fiction and the French theatre of World War II have been conceptualized and codified Rewriting Wrongs Angela Kimyongür, Amy Wigelsworth, 2014-10-02

Rewriting Wrongs French Crime Fiction and the Palimpsest furthers scholarly research into French crime fiction and within that broad context examines the nature functions and specificity of the palimpsest Originally a palaeographic phenomenon the palimpsest has evolved into a figurative notion used to define any cultural artefact which has been reused but still bears traces of its earlier form In her 2007 study *The Palimpsest* Sarah Dillon refers to the persistent fascination with palimpsests in the popular imagination embodying as they do the mystery of the secret the miracle of resurrection and the thrill of detective discovery In the context of crime fiction the palimpsest is a particularly fertile metaphor Because the practice of rewriting is so central to popular fiction as a whole crime fiction is replete with hypertextual transformations The palimpsest also has tremendous extra diegetic resonance in that crime fiction frequently involves the rewriting of criminal or historical events and scandals This collection of essays therefore exemplifies and interrogates the various manifestations and implications of the palimpsest in French crime fiction *The Roman Noir in Post-war French Culture* Claire Gorrara, 2003

The Roman Noir in Post War French Culture offers a lively introduction to the post war French roman noir from a cultural studies perspective A populist and widely disseminated genre the French roman noir has suffered from a reputation as a minor genre with its roots in American popular culture In this study Claire Gorrara challenges such preconceptions and examines how selected writers have appropriated the roman noir as a critical response to formative concerns and debates in post war French society Starting with the first truly French roman noir L o Malet's *120 rue de la gare* 1943 and concluding with Maud Tabachnik's feminist thriller *Un t pourri* 1994 Gorrara analyses both texts and film in relation to their specific historical and cultural context From the heritage of the Second World War and France's wars of decolonisation to the rise of consumer culture and questions of gender and sexual equality the roman noir operates in dialogue with its times mediating social change and transformation with stories of crime transgression and marginality All the novelists studied were published initially in popular collections such as the *S rie noire* but they have been chosen for the innovation of their work and the exciting ways in which they resist tired conventions and offer new ways of representing social reality One of the first English language studies of this popular genre *The Roman Noir in Post War French Culture* offers much more than close readings of these fascinating texts it demonstrates the important contribution of the roman noir to the cultural histories of post war France Catalogue of Copyright Entries Library of Congress.
