1. List the steps.

Mr. Sandy believes that daily yoga will increase the productivity of workers. He creates two groups of 100 workers each and designs each group the same task. In this task, they're supposed to staple a set of papers. Group A is given the yoga block while they work. Group B is not given the yoga block. After a week, Sandy counts how many stacks of papers each group has made. Group A made more products. Group B made less products.
