Maximum PC is the magazine that every computer fanatic PC gamer or content creator must read Each and every issue is packed with punishing product reviews insightful and innovative how to stories and the illuminating technical articles that enthusiasts crave Youngsters Guide ISHITA BHOWN, 2015-06-01 We have moved one step ahead in the arena of student and job oriented books with the CCL by enhancing our proven pedagogy to bring together the collective knowledge and wisdom of the world of computers Books published under this series are specifically designed to engage readers improve computer skills and prepare themselves for future success This comprehensive series with step by step instructions and relevant screenshots throughout the text enables readers to have a better understanding of computers Written in simple and lucid language without technical jargons each book of this series is accompanied by an interactive CD DVD with video tutorials This is one book that covers everything a beginner needs to know about computers You will learn things like setting up a new computer connecting to the Internet working with digital media burning custom CDs watching movies using Microsoft Office and other popular software setting up home networks keeping PCs running reliably and protecting them from spam viruses and spyware etc Packed with relevant screenshots and illustrations the book is easy to follow never intimidating and always helpful It is an indispensable book for the PC novice Menguasai Teknik File Sharing secara Online Jubilee Enterprise, 2013-03-19 Seringkah Anda melakukan download file di internet Atau pernahkah anda ingin mengirimkan file berukuran besar secara online namun menemui jalan buntu Mengirim file besar secara online memang acapkali masih terkendala oleh banyak hal Misalnya saja Anda tidak bisa mengirim file berukuran sangat besar menggunakan e mail karena bisa jadi penyedia jasa e mail melarang Anda meng upload data dalam jumlah besar Kalau sudah begini Anda butuh mekanisme lain untuk mentransfer file dalam ukuran besar **The Ultimate Backup Guide** Jeff Blum, 2023-05-20 NEW EDITION UPDATED MAY 2023 You ve probably been hearing a lot about data backup these days thanks to the increasing popularity of services like Dropbox Google Drive OneDrive Carbonite etc This guide the result of months of research and writing will cover all of those and much more While at first glance backup seems like a straightforward topic it can be complicated by the following common situations Having more data than you can fit on your computer Using multiple computers that need access to the same files Making some files accessible on the Web for times when you can t use your own computer Syncing and accessing some files with your mobile devices phones tablets Protecting yourself from a major system crash theft or disaster Keeping copies of different versions of some files Syncing or backing up only selected files instead of everything My goal is to help you understand everything you need to know about protecting your data with backups I will also show you how to sync your files across all your computing devices and how to share

selected files or collaborate with others At its core this is a technology guide but securing your digital data is about more than just technology Thus I will provide a unique framework to help you organize and more easily work with your data You will learn how to match different techniques to different data types and hopefully become more productive in the process I have tried to make this guide complete which means it must appeal to the tech savvy and technophobe alike Thus you will read in simple terms about the different types of backup full incremental differential delta cloud services how to protect your files with encryption the importance of file systems when working with different types of computers permanently assigning drive letters to external drives and other useful tips In many sections of the guide I present a fairly complete listing of backup and syncing tools and services I do this to be thorough and for those who may have special needs or an above average interest in the topic However I recognize you will most likely be more interested in personal suggestions than a full listing of choices which will require time to investigate Accordingly I highlight the tools I have used and recommend Moreover I lay out my complete backup and syncing system which you are free to copy if it suits you Note I am a Windows user and this bias shows in parts of the guide Most of the concepts are independent of operating system and many of the recommended programs are available for Macs as well as Windows but some details e g the discussion of Windows Libraries and some highlighted software and services are Windows only I think if you are a Mac user you are already used to this common bias but I wish to make it clear before you decide to read this guide
