### **Three Men On The Bummel:**

**Three Men in a Boat & Three Men on the Bummel** Jerome J.K., Jerome Klapka Jerome was an English writer and humourist His novel Three Men in a Boat To Say Nothing of the Dog published in 1889 remains one of the best loved and most entertaining comic novels ever penned There are four of them George Harris the writer himself and that dog Montmorency all participants in a boating expedition on the Thames The book was intended initially to be a serious travel guide with accounts of local history of places along the route but the humorous elements eventually took over and the jokes seem fresh and witty even today Jerome s characters proved to be so popular that he brought them back for an equally picaresque bicycle tour of Germany an adventure recorded in Three Men on the Bummel [Three Men on the Bummel](#)

to the lack of as strong a unifying thread D C Browning writes The title must be puzzling to many readers for bummel will not be found in English dictionaries It is as Jerome does not explain until the end of the book a German word and apart from his book it has not received any widespread use in English The first American edition published by Dodd Mead in 1900 was entitled Three Men on Wheels When asked by one of the characters in the book how would you translate bummel the narrator replies A Bummel I explained I should describe as a journey long or short without an end the only thing regulating it being the necessity of getting back within a given time to the point from which one started Sometimes it is through busy streets and sometimes through the fields and lanes sometimes we can be spared for a few hours and sometimes for a few days But long or short but here or there our thoughts are ever on the running of the sand We nod and smile to many as we pass with some we stop and talk awhile and with a few we walk a little way We have been much interested and often a little tired But on the whole we have had a pleasant time and are sorry when it s over The general style and manner of the book are similar to its predecessor It is a series of humorous vignettes each of which builds slowly through accumulation of layer on layer of detail through several pages Jeremy Nicholas calls these set pieces Most of them concern either bicycling genial if shallow commentary on German culture from the point of view of a British tourist or situation comedy like depictions of interpersonal interactions between the characters
