Customer Reviews Most helpful customer reviews 2 of 2 people found the following review helpful.Great book. By Jeremy I purchased this book as the textbook for a senior-level mathematics coursein my undergrad. However, this book does not "read like a textbook." This book has been one of theeasest reads in a mathematics-heavy book I have ever had the pleasure of laying my eyes on. Thepictures are clear, the words are concise, the ideas are organized logically and in proper order suchthat ideas are clearly described and explained in a manner that you don't have to be a mathematicsmajor to understand what is being talked about. While I purchased this book as a necessity for mycoursework, if you have any kind of interest in mathematics (or just logic/puzzle games) the book isextremely interesting and you will learn A LOT. Highly recommended. Very well-done book,especially for a topic as "obscure" as Filthy Erotica - Hottest Taboo Short Sex Stories Collection (130 Books) (English Edition). 0 of 0 people found the following review helpful. correct time period and written by many of today's leading Sherlockian authors from around the world. Those first three volumes were overwhelmingly received and there were soon calls for additional collections. Since then their popularity has only continued to grow. In Fall 2016 the series presented its first themed collection Part V Christmas Adventures containing 30 new adventures that proved to be extremely and enduringly popular. With that in mind we now revisit that season with 57 more Christmas Adventures ranging from a consequential case that occurred when Holmes was still a teenager to another in the late 1920s when Holmes in retirement was still at the top of his game. The fifty-seven stories in these three companion volumes are a thrilling mix of mysteries whatever the season. Some are directly involved with Christmas while others occur during and in around that season. These represent some of the finest new Holmesian storytelling to be found by the best pasticheurs and once again they honor the man described by Watson as the best and wisest whom I have ever known. 57 new traditional Holmes adventures in three simultaneously published volumes. The game is afoot.
