Becoming Super Woman

Nicole Lapin, 2019-09-17 Do you feel daily pressure to keep pushing yourself even when you're stressed and exhausted It's time to leave Superwoman in the movies where she belongs and say hello to being a Super Woman the best most productive and balanced version of the hero you already are For years maybe your entire life you've been told that success means having it all and doing it all But working more and harder is holding you back not moving you forward In Becoming Super Woman New York Times bestselling author Nicole Lapin redefines what it means to be a woman who has it all and shows you how to find lasting success by your own definition on your own terms Nicole candidly shares her own story of career burnout and an emergency hospitalization that prompted her to take her mental health seriously for the first time ever Along the way she discovered that not only was this priority shift not a defeat it was the key to unlocking even greater achievements In her third and most personal book yet Nicole lays out an actionable 12 step plan to guide you in taking control and becoming the hero of your own story with the skills it takes to be a real Super Woman skills we should but often don't learn growing up from productivity hacks to boundary setting She makes the case that the real secret to success doesn't hinge on the hustle or degrees you have but in putting on your own oxygen mask before helping others In fact self care is the biggest asset or liability in our careers when it's on point it can help us soar and when it's neglected it can bring us down faster than anything else Entertaining honest and life changing Becoming Super Woman shows you how to banish burnout ward off a breakdown and achieve true balance finally

My Life as a Goddess Guy Branum, 2018-07-31 Smart fast clever and funny As f ck Tiffany Haddish this collection of side splitting and illuminating essays by the popular stand up comedian alum of Chelsea Lately and The Mindy Project and host of truTV's Talk Show the Game Show is perfect for fans of the New York Times bestsellers Why Not Me by Mindy Kaling and We Are Never Meeting in Real Life by Samantha Irby From a young age Guy Branum always felt as if he were on the outside looking in From a stiflingly boring farm town he couldn't relate to his

neighbors While other boys played outside he stayed indoors reading Greek mythology And being gay and overweight he got used to diminishing himself But little by little he started learning from all the sad strange lonely outcasts in history who had come before him and he started to feel hope In this singular genuinely ballsy and essential Billy Eichner collection of personal essays Guy talks about finding a sense of belonging at Berkeley and stirring up controversy in a newspaper column that led to a run in with the Secret Service He recounts the pitfalls of being typecast as the Sassy Gay Friend and how after taking a wrong turn in life i e law school he found stand up comedy and artistic freedom He analyzes society s calculated deprivation of personhood from fat people and how though it s taken him a while to accept who he is he has learned that with a little patience and a lot of humor self acceptance is possible Keenly observant and intelligent Branum s book not only offers uproarious insights into walking paths less traveled but also into what self acceptance means in a world still woefully intolerant of difference Kirkus Reviews starred review My Life as a Goddess is an unforgettable and deeply moving book by one of today s most endearing and galvanizing voices in comedy **The End of the Alphabet** Isabel Brown,2024-03-19 A rising Gen Z star empowers members of her generation to embrace conservative values and to rise up and fight for the future and those who will come after us Gen Z has the power to change the world As the largest emerging demographic in American history Gen Z is at the center of a cultural shift one that will define the direction of our country for generations to come Intellectually curious culturally courageous and unafraid to push societal boundaries Gen Z is ready to embrace leadership as the most educated generation in history These young and often underestimated Americans are here to fight for a better future and we won t wait for permission to lead Rising content creator Isabel Brown is smart driven and passionate a strong champion for truth in America She fervently believes that Gen Z has the power the potential and the opportunity to define the cultural direction of America The End of the Alphabet is a rallying cry for Gen Z to embrace traditional values in a new age way and step up to make our voices heard Although taking an active role in culture and politics is nothing new for young people today s youth face overwhelming push back from older demographics Looked down on by those who came before us as too young too naive and too unique to impact our society Gen Z ers are instead told to sit down and shut up until they have earned enough life experience to lead This view of Gen Z is crippling and deeply ignorant of the cultural shifts we have and will experience in the coming decades as Gen Z begins to step into positions of power and leadership So who is Gen Z What does the future of our nation and conservatism look like with Gen Z at the helm Read this book to find out *Punch* ,1969
