Living in the SUPERMIND Maurie D. Pressman,2011-06 Living in the SUPERMIND reveals that there is within us a mind beyond imagination It is a Supermind which offers the power of knowledge love and inspiration beyond dreams But it must be opened What is this Supermind It is the mind of the dream and spirit It was once available to civilizations across the world but it became suppressed as the intellect developed and hypertrophied The Plan of Evolution designated that we concentrate build and nourish our intellect which would then lead us into a disciplined ordered and controlled personality But like the Sorcerer s Apprentice we have fallen too much in love with it We have this enormous power within us It is the power of the God Mind But shrouded by doubt and fear we leave the God mind and give in to the false belief that we are better off separate than united Union is our natural state
